IMPORTANT INFORMATION

This Prospectus describes and offers for sale in Singapore units in the Amova SGD Investment Grade Corporate Bond Index ETF (the "**Fund**"), a unit trust established under Singapore law by a trust deed dated 13 July 2018 made between Amova Asset Management Asia Limited (the "**Manager**") and DBS Trustee Limited (the "**Trustee**") (as amended from time to time) (the "**Trust Deed**"). You should be aware of certain risks relating to an investment in the Fund. See the section entitled "Risks" as described in paragraphs 45 and 46 of this Prospectus.

The investment objective of the Fund is to provide investors with investment returns that correspond closely to the total return of the iBoxx SGD Non-Sovereigns Large Cap Investment Grade Index (the "**Index**"), or upon the Manager giving three (3) months' prior written notice to the Trustee and the Holders, such other index which tracks the performance of SGD denominated investment grade bonds excluding Singapore Government Securities ("**SGD-denominated Investment Grade Bonds**"), before fees and expenses. Please refer to Section VI of this Prospectus for more information on the investment objective, focus and approach of the Fund.

The units of the Fund, called "**Units**" throughout this Prospectus, have been listed on the Singapore Exchange Securities Trading Limited ("**SGX-ST**"). Units are traded on the SGX-ST at market prices throughout the trading day. Market prices for Units may, however, be different from their net asset value ("**NAV**"). Listing for quotation of the Units on the SGX-ST does not guarantee a liquid market for the Units.

The collective investment scheme offered in this Prospectus is an authorised scheme under the Securities and Futures Act 2001 (the "**Securities and Futures Act**"). A copy of this Prospectus has been lodged with and registered by the Monetary Authority of Singapore (the "**Authority**"). The Authority assumes no responsibility for the contents of this Prospectus. Registration of this Prospectus by the Authority does not imply that the Securities and Futures Act, or any other legal or regulatory requirements have been complied with. The Authority has not, in any way, considered the investment merits of the collective investment scheme.

This Prospectus does not constitute an offer or solicitation to anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation and may only be used in connection with the offering of Units as contemplated herein.

The Units may not be directly or indirectly offered or sold in the United States of America or any of its states, territories, possessions or other areas subject to its jurisdiction (the "**United States**") or for the benefit of a United States resident.

The directors of the Manager (the "**Directors**") collectively and individually accept full responsibility for the accuracy of the information given in this Prospectus and confirm after making all reasonable enquiries that, to the best of their knowledge and belief, this Prospectus constitutes full and true disclosure of all material facts about the Fund and the Manager, and the Directors are not aware of any facts the omission of which would make any statement in this Prospectus misleading. Where information in this Prospectus has been extracted from published or otherwise publicly available sources or obtained from a named source, the sole responsibility of the Directors has been to ensure that such information has been accurately and correctly extracted from those sources and/or reproduced in this Prospectus in its proper form and context.

You should seek professional advice to ascertain (a) the possible tax consequences, especially in connection with the receipt of any distributions intended to be made by the Fund, (b) the legal requirements which may be relevant to the subscription, holding or disposal of Units and (c) any foreign exchange restrictions or exchange control requirements which you may encounter under the laws of the country of your citizenship, residence or domicile and which may be relevant to the subscription, holding or disposal of Units.

Unless otherwise stated, all terms not defined in this Prospectus have the same meanings as used in the Trust Deed.

You should direct all enquiries about the Fund to the Manager.

Personal Data Protection

You consent and acknowledge that any personal data provided to the Manager, the Trustee, the Custodian, the Registrar and/or such other appointed representatives, agents and/or service providers of the Manager and/or each of their affiliates and related corporations (as defined under Section 6 of the Singapore Companies Act 1967 (“**Companies Act**”)) (“**Recipients**”, each a “**Recipient**”) whether directly or through appointed agents or Participating Dealers or otherwise collected by a Recipient or on behalf of a Recipient (by any person including but not limited to the Central Depository (Pte.) Limited) in connection with the subscription for Units, including any personal data relating to third party individuals (e.g. your beneficial owners, directors or authorised signatories, if you are not an individual) (such personal data, “**Data**”) may be collected, used and disclosed by a Recipient for the following purposes: (i) updating and maintaining the register of Holders; (ii) processing instructions from you or persons acting on your behalf or processing your trades or those of persons acting on your behalf; (iii) complying with any applicable rules, laws or regulations, regulatory policies, guidelines or industry codes, orders, directions or requests issued by any court, legal or regulatory bodies (whether in Singapore or otherwise) including rules and regulations relating to anti-money laundering and countering the financing of terrorism and the carrying out of audit checks, surveillance and investigation; (iv) preventing, detecting and investigating crime, offence or unlawful activity including but not limited to fraud, money-laundering, terrorist financing and bribery, and analysing and managing commercial risks; (v) complying with any applicable treaty or agreement with or between Singapore and a foreign jurisdiction; (vi) fulfilling a judgment or order of court or of any other tribunal within Singapore and in an applicable foreign jurisdiction; (vii) providing client-related services, including providing customer support, responding to queries or feedback given by you or persons acting on your behalf, and generating, communicating with and disseminating notices, reports, correspondence, statements, invoices, confirmations and advices to you or persons acting on your behalf; (viii) verifying your identity or the identity of persons acting on your behalf; (ix) reviewing and approving your account(s), and the conduct of initial and anticipatory credit checks and assessments, relevant checks, ongoing assessment and verification of ongoing credit-worthiness and standing; (x) legal claims, actions or proceedings including but not limited to drafting and reviewing documents, obtaining legal advice and facilitating dispute resolution or exercising or enforcing the rights of a Recipient under contract or pursuant to applicable laws and regulations; (xi) administering, operating, processing or managing the Units or the Fund; (xii) meeting or complying with the Recipient’s internal policies and procedures; (xiii) handling feedback, queries or complaints; (xiv) maintaining the security of the Recipient’s premises including but not limited to the use of forms of surveillance such as security cameras; (xv) facilitating any proposed or actual business assignment, transfer, participation or sub-participation in any of the Recipient’s rights or obligations in respect of your relationship with the Recipient; (xvi) all purposes reasonably related to one or more of the foregoing; and (xvii) conducting general administration in relation to the foregoing. Where you provide personal data relating to third party individuals to a Recipient, you warrant that the prior consent of such third party individual, which will allow a Recipient to collect, use and disclose that personal data in the manner and for the purposes described above, has been obtained, and you consent and acknowledge to all such collection, use and disclosure on behalf of that third party individual. You

shall, upon request from any Recipient, promptly provide a copy of the document(s) containing or evidencing such prior consent obtained from such third party individual.

You consent and acknowledge that Data may be disclosed and transferred to the following parties, in Singapore or in a foreign jurisdiction, for the purposes set out above: (i) any person or entity including government authorities, regulatory bodies, courts and tribunals to whom a Recipient is under an obligation to make disclosure pursuant to any domestic or foreign legal process, legal obligation or regulatory obligation; (ii) related corporations of the Manager, the Trustee, the Custodian or the Registrar; and (iii) any agent, contractor or third party service provider who provides administrative, mailing, data processing, business process, human resource, information technology or other services to a Recipient in connection with the operation of the business of a Recipient or the administration and operation of the Fund.

You may, after consenting to the collection, use and disclosure of your Data, withdraw your consent by giving notice in writing to the Manager, whether directly or through its appointed agents or the Participating Dealers. You should note that the Manager (in consultation with the Trustee) could deem a notice of withdrawal of consent submitted by you, or by any third party individuals whose personal data you have provided to the Recipients (e.g. your beneficial owners, directors or authorised signatories, if you are not an individual), to be a request for redemption of all Units held by you for cash.

You undertake to ensure that all information provided to the Recipient is true, accurate and complete and that changes to any such information shall be notified to the Recipient in a timely manner.

Automatic Exchange of Financial Account Information

In Singapore, the Automatic Exchange of Financial Account Information (henceforth, "**AEOI**") is effected through the FATCA and Common Reporting Standards ("**CRS**") regimes, as elaborated below.

Treasury regulations adopted in the United States to implement FATCA and intergovernmental agreements entered into by the United States and many other countries to implement FATCA reporting and exchange of information in those countries (each, an "**IGA**") provide the means by which non-US financial institutions meet their obligations to report account information with respect to US Persons and certain non-US entities owned by US Persons. Singapore has signed a Model 1 (reciprocal) IGA with the United States ("**SG-US IGA**"), which entered into force on 1 January 2021, to give effect to the automatic tax information exchange requirements of FATCA. The SG-US IGA was enacted into Singapore law under the Income Tax (International Tax Compliance Agreements) (United States of America) Regulations 2020 ("**Singapore FATCA Regulations**"). Singapore financial institutions that comply with the requirements of the Singapore FATCA Regulations will avoid withholding taxes on relevant payments originating in the United States. Failure to comply with Singapore FATCA Regulations can result in withholding tax on payments, liability with respect to taxes that should have been withheld, and additional penalties. Wilful failure to comply with the Singapore FATCA Regulations can result in criminal penalties, upon conviction.

For the purposes of this section, the following words and expressions shall have the following meanings:

"FATCA" means sections 1471 through 1474 of the United States Internal Revenue Code and any regulations and other guidance issued in connection thereto or any other agreement entered into with or between authorities and governments arising out of or in connection with FATCA or the implementation thereof, as each may be modified, amended, supplemented, re-enacted or re-constituted from time to time.

"US Person" means a United States citizen or resident individual, a partnership or corporation organised in the United States or under the laws of the United States or any state of the United States, or a trust if (i) a court within the United States would have authority under applicable law to render orders or judgments concerning substantially all issues regarding administration of the trust, and (ii) one or more US Persons have the authority to control all substantial decisions of the trust, or an estate of a decedent that is a citizen or resident of the United States. This definition shall be interpreted in accordance with the United States Internal Revenue Code. Please note that persons who have lost

their United States citizenship and who live outside the United States may nonetheless in some circumstances be treated as US Persons.

In addition, the Organisation for Economic Cooperation and Development Standard (“**OECD**”) has developed CRS to facilitate and standardise the process for exchange of financial account information of account holders, primarily for taxation purposes between numerous jurisdictions around the world. CRS has been implemented in Singapore under the Income Tax (International Tax Compliance Agreements) (Common Reporting Standard) Regulations 2016 (“**Singapore CRS Regulations**”).

On 8 June 2023, the OECD published the International Standards for Automatic Exchange of Information in Tax Matters: Crypto-Asset Reporting Framework (“**CARF**”) and the 2023 update to the CRS, which the Inland Revenue Authority of Singapore (“**IRAS**”) announced on 10 November 2023 that Singapore will implement by year 2027. Wilful failure to comply with the Singapore CRS Regulations can result in criminal penalties, upon conviction.

By investing (or continuing to invest) in the Fund, you shall be deemed to acknowledge that:

- (A) AEOI requires the Fund (or any person authorised by them such as the Trustee, the Manager and its approved distributors) to, amongst other things, (1) register with the US Internal Revenue Service (“**IRS**”) to obtain a Global Intermediary Identification Number (where applicable); (2) register with the IRAS (where applicable); (3) obtain self-certification forms from all investors and conduct due diligence on its accounts to identify whether any such accounts are considered “Reportable Accounts” under AEOI; and (4) report information in relation to such Reportable Accounts to the IRAS, including confidential information in relation to an investor such as the investor’s name, address, country of tax residence, tax identification number (if any), social security number (if any), and information relating to the investor’s investment, and the IRAS may further disclose the same with authorities of other jurisdictions;
- (B) an investor will provide such information regarding the investor and its beneficial owners (both direct and indirect) and such forms or documentation within seven (7) days of any request in writing by the Fund (or any person authorised by them such as the Trustee, the Manager and its approved distributors) from time to time, and to provide an update of any material changes to the Fund (or any person authorised by them such as the Trustee, the Manager and its approved distributors) within thirty (30) days of such change, to enable the Fund to comply with the requirements and obligations imposed on them pursuant to AEOI;
- (C) any information, forms, and/or documentation provided pursuant to sub-paragraph (B), or any financial or account information with respect to an investor’s investment in the Fund, may be disclosed to the IRAS and to any withholding agent to satisfy relevant obligations under AEOI with respect to the investor’s investment in the Fund;
- (D) an investor consents to the collection, storage and disclosure of any confidential information including personal data to persons to whom payments are made or from whom payments are received for the investor’s account and to governmental authorities as required by laws and regulations or other agreement by or between governments pursuant to AEOI and the investor represents that it has secured from any third party whose information may be provided to the Fund (or any person authorised by them such as the Trustee, the Manager and its approved distributors) all necessary consents and/or waivers to permit them to carry out the actions required pursuant to AEOI and that it shall secure such consents and waivers prior to furnishing such information to the Fund;
- (E) in the event an investor does not provide the requested information and/or documentation, or if the investor provides information and/or documentation that is in any way misleading, whether or not that actually leads to compliance failures by the Fund, or a risk of the Fund being subject to the imposition of withholding tax or penalties under the Singapore FATCA Regulations and

Singapore CRS Regulations, the Fund (or any person authorised by them such as the Trustee, the Manager and its approved distributors) reserves the right to take any action and/or pursue all remedies at its disposal including, without limitation, rejection of any application for units, compulsory redemption of units held by the investor or withholding of redemption proceeds or compulsorily realise all or any of the investor's units in accordance with the circumstances set out in paragraph 154 of this Prospectus (where applicable);

- (F) an investor does not have any claim against the Fund (or any person authorised by them such as the Trustee, the Manager and its approved distributors) for any form of damages or liability as a result of any actions taken and/or remedies (including but not limited to those set out in (E) above) pursued by or on behalf of the Fund in order to comply with any of the Singapore FATCA Regulations, Singapore CRS Regulations or any relevant underlying legislation;
- (G) the Fund (or any person authorised by them such as the Trustee, the Manager and its approved distributors) may take such action in relation to an investor's holding and/or redemption proceeds to ensure that any withholding tax payable by the Fund and any related costs, interest, penalties and other losses and liabilities suffered by the Fund, the Trustee, the Manager, or any other investor, or any agent, employee, director, officer, member, manager or affiliate of any of the foregoing persons, arising from and attributable to the investor's failure to provide any requested documentation or other information to the Fund (or any person authorised by them such as the Trustee, the Manager and its approved distributors) in order to comply with AEOI shall be economically borne by the investor;
- (H) an investor will waive, and/or shall cooperate with the Fund (or any person authorised by them such as the Trustee, the Manager and its approved distributors) to obtain a waiver of, the provisions of any law which:
 - a. prohibit the disclosure by the Fund (or any person authorised by them such as the Trustee, the Manager and its approved distributors) of the information or documentation requested from the investor as required pursuant to AEOI;
 - b. prohibit the reporting of financial or account information by the Fund (or any person authorised by them such as the Trustee, the Manager and its approved distributors) required pursuant to AEOI; or
 - c. otherwise prevent or inhibit the investor from providing any requested information or documentation, or prevent or inhibit compliance by the Fund with their obligations under AEOI;
- (I) in case of cross-border mergers of the Fund, the Trustee, the Manager or its approved distributors may be required to collect additional information from an investor to comply with the applicable laws or regulations. Please note that exchange of information to the tax authorities subsequent to merger may be different from the exchange of information pre-merger; and
- (J) the Trustee, the Manager or its approved distributors shall have the right to determine and carry out any action which they consider to be appropriate to meet any obligations or requirements, whether in Singapore or elsewhere, for the purpose of the prevention of tax evasion. Such actions may include, but shall not be limited to, investigating and intercepting payments into and out of the investor's account(s) (particularly in the case of international transfer of funds), investigating the source of or intended recipient of funds, sharing information and documents with any tax or regulatory authorities and withholding income from investor's account(s) and transferring it to such tax authorities. If there is any doubt as to whether a payment in or out of an investor's account is lawful, the Trustee, the Manager or its approved distributors reserve the right to cease all dealings with the investor in relation to such account.

Should you have any concerns in this regard, please consult your tax advisor on the possible tax and other consequences with respect to the implementation of AEOI in Singapore.

OVERVIEW OF THE AMOVA SGD INVESTMENT GRADE CORPORATE BOND INDEX ETF

The meanings of terms not defined in this section can be found in other sections of this Prospectus or in the Trust Deed.

AMOVA SGD INVESTMENT GRADE CORPORATE BOND INDEX ETF

The Fund is a collective investment scheme authorised under Section 286 of the Securities and Futures Act and is established under the terms of a trust deed dated 13 July 2018 made between Amova Asset Management Asia Limited as manager, and DBS Trustee Limited as trustee, of the Fund.

INVESTMENT OBJECTIVE, FOCUS AND APPROACH

The investment objective of the Fund is to provide investors with investment returns that correspond closely to the total return of the iBoxx SGD Non-Sovereigns Large Cap Investment Grade Index (the "**Index**"), or upon the Manager giving three (3) months' prior written notice to the Trustee and the Holders, such other index which tracks the performance of SGD denominated investment grade bonds excluding Singapore Government Securities ("**SGD-denominated Investment Grade Bonds**"), before fees and expenses. There is no assurance that the Fund will achieve its investment objective or that it will be able to fully track the performance of the Index.

The Fund will seek to achieve its investment objective by adopting a representative sampling strategy or similar strategy. Representative sampling is a strategy of investing in a representative sample of securities in the Index which have a similar investment profile as that of the Index. The Manager may invest in certain securities that are not included in the Index ("**non-Index Securities**") but have aggregate characteristics (such as yield and duration) similar to those of the Index. The Fund can invest up to 20% of its total net asset value in such non-Index Securities, that should meet at least one of the following criteria:

- SGD denominated bonds in which the bond or its issuer are rated as investment grade by S&P, Moody's or Fitch, and have a minimum issuance size of SGD 100 million;
- SGD denominated bonds by prevailing issuers of the Index with a minimum issuance size of SGD 100 million; or
- Singapore Government Securities (SGS).

The Fund will generally not hold all the securities that are included in the Index. Please refer to Section VI of this Prospectus for more information on the investment objective, focus and approach of the Fund.

The Fund is designed for investors who seek an "index-based" approach to investing in a portfolio of SGD-denominated Investment Grade Bonds in a cost effective and easy to access manner. Units may also be used as an asset allocation tool or as a trading instrument.

You should note that the Units are Excluded Investment Products (as defined in MAS Notice SFA 04/N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products) and prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018).

LISTING ON THE SGX-ST

An application has been made to the SGX-ST for permission to list and deal in and quote the Units and the Fund has received approval for its admission to the Official List of the SGX-ST. A listing on the SGX-ST is intended to provide benefits to investors not available in unlisted collective investment schemes. Unlike conventional unit trusts offered to the public in Singapore which are typically bought and sold only at closing NAV (which is unknown at the time of dealing), the Fund's Units will be tradable on the SGX-ST throughout the trading day. Units will be quoted and traded on the SGX-ST in board lots of 1 Unit.

Units will be transacted on the SGX-ST on a willing-buyer-willing-seller basis, and the trading in the Units will be in accordance with SGX-ST's rules and guidelines governing the clearing and settlement of trades in securities.

If you acquire Units directly from a Participating Dealer, you may request the Participating Dealer to apply to the CDP for your Units to be entered against your name in the depository register in accordance with the CDP's terms and conditions for the entering of off-market acquisitions of securities in its records.

TRADING PRICE OF UNITS INTENDED TO CLOSELY REFLECT NAV PER UNIT

You should note that the Fund is not like a conventional unit trust offered to the public in Singapore in that the creation and redemption of Units with the Manager are effected by or through Participating Dealers for the account of investors and/or for their own account and may either be made (i) in-kind in multiples of Creation Units or Redemption Units, or (ii) in cash for a minimum of 50,000 Units (or such higher number of Units in multiples of 1,000 Units) or such other number of Units or investment amount as may be determined from time to time by the Manager upon giving prior notice to the Trustee, at each Dealing Day's NAV. If you wish to purchase or sell less than 50,000 Units, you will have to acquire or dispose of your Units through trading on the SGX-ST.

These features are (i) different from the features of conventional unit trusts where units can be purchased and redeemed by the investors for cash from the manager on each dealing day in comparatively smaller multiples of units and (ii) designed to protect investors from the adverse effects which arise from frequent cash subscription and redemption transactions that affect the NAV of conventional unit trusts and to help to keep the trading price of the Units close to the NAV of the Units.

THE MANAGER

The Manager, Amova Asset Management Asia Limited, is part of the Amova Asset Management group¹, a leading independent Asian investment management franchise. The Manager has managed collective investment schemes or discretionary funds in Singapore since 1982.

THE TRUSTEE

The Trustee, DBS Trustee Limited, is a member of DBS Group. The Trustee is a licensed trust company under the Trust Companies Act 2005.

¹ Amova Asset Management group consists of Amova Asset Management Co., Ltd. and its subsidiaries.

CREATION AND REDEMPTION PROCEDURES

Units bought or sold on the SGX-ST will be transacted on a willing-buyer-willing-seller basis. It is expected that most of the trading activity in the Units is expected to occur on the SGX-ST. You may buy or sell Units on the SGX-ST through brokers in the same way as how you may buy or sell shares in companies listed on the SGX-ST.

Units that are bought on the SGX-ST must be paid for with cash or with your CPF monies or SRS monies.

Cash Subscription and Redemption

On every Cash Dealing Day, you may apply to the Registrar through the Participating Dealers for the issue of a minimum of 50,000 Units (or such higher number of Units in multiples of 1,000 Units) or such other number of Units or investment amount as may be determined from time to time by the Manager upon giving prior notice to the Trustee, by paying cash. The Issue Price for Units shall be determined in the manner described in paragraph 52 of this Prospectus.

Your request for subscription of Units must reach the Registrar through the Participating Dealers on or before the Dealing Deadline for the Cash Dealing Day (i.e. 12 noon (Singapore time) or such other time as the Manager may determine with the prior approval of the Trustee and the Manager shall give prior notification of the same to the Holders at such time and in such manner as the Trustee may require). If the request for subscription of Units is received and accepted by the Registrar after the Dealing Deadline, it shall be deemed to be received and accepted by the Registrar on or before the Dealing Deadline for the next Cash Dealing Day.

A request for redemption of Units to be settled in cash shall be for a minimum of 50,000 Units (or such higher number of Units in multiples of 1,000 Units) or such other number of Units or redemption amount as may be determined from time to time by the Manager upon giving prior notice to the Trustee. The Redemption Price for Units shall be determined in the manner described in paragraph 71 of this Prospectus. A request for redemption of Units must reach the Registrar through the Participating Dealers on or before the Dealing Deadline for the Cash Dealing Day. If the request for redemption of Units is received and accepted by the Registrar after the Dealing Deadline, it shall be deemed to be received and accepted by the Registrar on or before the Dealing Deadline for the next Cash Dealing Day.

In-Kind Creation and Redemption

You may apply for the creation of Units directly from the Fund by requesting the Participating Dealers to apply to the Registrar on your behalf for the issue of Units on any Dealing Day by tendering Index Securities and non-Index Securities comprising a Deposit Basket (or multiples thereof) as approved by the Manager, plus or minus a cash payment as determined by the Manager. Units may only be created in-kind in Creation Unit size of 20,000,000 Units or multiples of 20,000,000 Units unless otherwise waived by the Manager at their discretion. Requests for the creation of Units in-kind may be made by or through Participating Dealers only. Creation Requests received from the Participating Dealers and accepted by the Manager on or before the Dealing Deadline on each Dealing Day (i.e. 5.30 pm (Singapore time) or such other time as the Manager may determine with the prior approval of the Trustee and the Manager shall give prior notification of the same to the Holders at such time and in such manner as the Trustee may require) will be processed at that Dealing Day's Issue Price as calculated in accordance with paragraph 58 of this Prospectus. Creation Requests received from the

Participating Dealers after the Dealing Deadline or on a day which is not a Dealing Day shall be deemed to be received by the Registrar on or before the Dealing Deadline for the next Dealing Day.

If you hold a Redemption Unit size of 20,000,000 Units or multiples of 20,000,000 Units, you may request the Participating Dealers to apply to the Registrar on your behalf for the redemption of Units for the underlying Index Securities and non-Index Securities comprising a Redemption Basket (or multiples thereof) as approved by the Manager, plus or minus a cash payment as determined by the Manager. Units may only be redeemed in-kind in Redemption Unit size of 20,000,000 Units or multiples of 20,000,000 Units. Requests for redemption of Units in-kind may be made by or through Participating Dealers only. Redemption Requests received from the Participating Dealers and accepted by the Manager on or before the Dealing Deadline on each Dealing Day will be processed at that Dealing Day's Redemption Price as calculated in accordance with paragraph 78 of this Prospectus. Redemption Requests received from the Participating Dealers after the Dealing Deadline or on a day which is not a Dealing Day shall be deemed to be received by the Registrar on or before the Dealing Deadline for the next Dealing Day.

RISKS OF INVESTING IN THE FUND

You should note that there are risks involved in investing in the Units. You should carefully consider the risk factors described in paragraphs 45 and 46 of this Prospectus together with all of the other information included in this Prospectus before deciding whether to invest in Units.

The market price of Units and the NAV per Unit may fall or rise. There is no assurance that you will achieve a return on your investment in the Units or a return on capital invested.

Some or all of the principal risks described in this Prospectus may adversely affect the Fund's NAV, the Unit's Issue Price, Redemption Price, trading price, yield, total return and/or the ability of the Fund to meet its investment objective.

CLEARANCE AND SETTLEMENT

Introduction

The Units are listed, quoted and traded on the SGX-ST. For the purpose of trading on the SGX-ST, a board lot for the Units will comprise 1 Unit.

The Units are traded under the electronic book-entry clearance and settlement system of CDP. All dealings in and transactions of the Units through the SGX-ST will be effected in accordance with the terms and conditions for the operation of Securities Accounts, as amended from time to time.

CDP, a wholly-owned subsidiary of Singapore Exchange Limited, is incorporated under the laws of Singapore and acts as a depository and clearing organisation. CDP holds securities for its accountholders and facilitates the clearance and settlement of securities transactions between accountholders through electronic book-entry changes in the Securities Accounts maintained by such accountholders with CDP.

It is expected that the Units will be credited into the Securities Accounts of applicants for the Units within two (2) Market Days after the closing date for applications for the Units.

Clearance and Settlement under the Depository System

The Units will be registered in the name of CDP or its nominee and held by CDP or its nominee for and on behalf of persons who maintain, either directly or through depository agents, Securities Accounts with CDP. Persons named as direct Securities Account holders and depository agents in the depository register maintained by CDP will be treated as Holders in respect of the number of Units credited to their respective Securities Accounts. You should note that as long as the Units are listed on the SGX-ST, Units may not be withdrawn from the depository register kept by CDP.

Transactions in the Units under the book-entry settlement system will be reflected by the seller's Securities Account being debited with the number of Units sold and the buyer's Securities Account being credited with the number of Units acquired and no transfer stamp duty is currently payable for the transfer of Units that are settled on a book-entry basis.

Units credited to a Securities Account may be traded on the SGX-ST on the basis of a price between a willing buyer and a willing seller. Units credited into a Securities Account may be transferred to any other Securities Account with CDP, subject to the terms and conditions for the operation of Securities Accounts and a transfer fee payable to CDP. All persons trading in the Units through the SGX-ST should ensure that the relevant Units have been credited into their Securities Account, prior to trading in such Units, since no assurance is given that the Units can be credited into the Securities Account in time for settlement following a dealing. If the Units have not been credited into the Securities Account by the due date for the settlement of the trade, the buy-in procedures of the SGX-ST will be implemented.

Clearing Fees

When dealing on the SGX-ST, you will typically not bear any costs related to the creation and redemption of Units. However, you will need to pay brokers' commissions, clearing fees and other costs associated with dealing on the SGX-ST. These amounts are subject to your individual agreement with, and are paid directly by you to, your broker, the CDP and your other service providers.

Dealings in the Units will be carried out in SGD and will be effected for settlement in CDP on a scripless basis. Settlement of trades on a normal "ready" basis on the SGX-ST generally takes place on the second Market Day following the transaction date. CDP holds securities on behalf of investors in Securities Accounts. You may open a direct account with CDP or a sub-account with any CDP

depository agent. A CDP depository agent may be a member company of the SGX-ST, bank, merchant bank or trust company.

DBS Bank Limited will remain as the administrator of the Fund until its appointment is terminated in accordance with the terms of its appointment.
21. Counterparties, brokers and/or prime brokers (if any) that are used by the Fund are selected from an approved panel and their appropriateness for continuous use by the Manager is reviewed on a regular basis. The Manager must complete due diligence on the counterparties, brokers and/or prime brokers and obtain the relevant internal approvals for their inclusion onto the panel. However, for inclusion onto the panel of counterparties, brokers and/or prime brokers to transact in foreign exchange, over-the-counter derivatives, secured/unsecured call loan or securities lending, approval must also be sought from the risk management department of the Manager's parent company, Amova Asset Management Co., Ltd.

V STRUCTURE OF THE SCHEME

22. The Fund is constituted as a stand-alone unit trust known as the Amova SGD Investment Grade Corporate Bond Index ETF pursuant to the Trust Deed. The interests issued or offered to the public are represented by Units comprised in the Fund, the property of which shall be invested in Investments (as defined in the Trust Deed).
23. Each Unit represents an undivided interest in the Deposited Property of the Fund. The rights, interests and obligations of Holders are contained in the Trust Deed.

VI INVESTMENT OBJECTIVE, FOCUS & APPROACH

24. The investment objective of the Fund is to provide investors with investment returns that correspond closely to the total return of the Index, or upon the Manager giving three (3) months' prior written notice to the Trustee and the Holders, such other index which tracks the performance of SGD denominated investment grade bonds excluding Singapore Government Securities ("**SGD-denominated Investment Grade Bonds**"), before fees and expenses. There is no assurance that the Fund will achieve its investment objective or that it will be able to fully track the performance of the Index.

The Fund will seek to achieve its investment objective by adopting a representative sampling strategy or similar strategy. Representative sampling is a strategy of investing in a representative sample of securities in the Index which have a similar investment profile as that of the Index. The Manager may invest in certain securities that are not included in the Index ("**non-Index Securities**") but have aggregate characteristics (such as yield and duration) similar to those of the Index. The Fund can invest up to 20% of its total net asset value in such non-Index Securities, that should meet at least one of the following criteria:

- SGD denominated bonds in which the bond or its issuer are rated as investment grade by S&P, Moody's or Fitch, and have a minimum issuance size of SGD 100 million;

- SGD denominated bonds by prevailing issuers of the Index with a minimum issuance size of SGD 100 million; or
- Singapore Government Securities (SGS).

The Fund will generally not hold all the securities that are included in the Index.

The Fund is only suitable for investors who seek medium to long-term capital appreciation, believe that the Index will increase in value, are willing and able to accept that their principal will be at risk and seek an "index-based" approach to investing in a portfolio of SGD-denominated Investment Grade Bonds in a cost effective and easy to access manner. **You should consult your financial advisers if in doubt as to whether the Fund is suitable for you.**

25. The iBoxx SGD Non-Sovereigns Large Cap Investment Grade Index is the current benchmark for the Fund. The iBoxx SGD Non-Sovereigns Large Cap Investment Grade Index is compiled, calculated and administered by SPDJI (previously IHS Markit Benchmark Administration Ltd) and aims to track the performance of SGD denominated investment grade bonds excluding Singapore Government Securities ("**SGD-denominated Investment Grade Bonds**"). The Index constituents are rebalanced monthly on the last Business Day of the month. The description of the index methodology is available at <http://www.markit.com/Documentation/Product/iBoxx>. SPDJI publishes the composition of the Index on a monthly basis and the latest information relating to the Index is available at <https://indicesweb.ihsmarkit.com/iBoxx/Screener>.
26. If the Index ceases to be compiled or published or if the Licence Agreement with respect to the Index is terminated for any reason, the Manager with the prior approval of the Trustee shall select an alternate or successor index (if necessary, customised by the index licensor or the Manager) using in the opinion of the Manager the same or substantially similar formula for the method of calculation as the Index (the "**Successor Index**"). The Manager will manage the Fund's portfolio using this Successor Index, taking into account the interests of Holders.
27. As Index Securities may be and are added to or removed from the Index from time to time, the Manager may sell or purchase securities that are not yet represented in the Index in anticipation of their removal from or addition to the Index. The composition of the constituent securities of the Index is disclosed in Appendix 1 of this Prospectus. You should note that the composition of the Index may change.
28. The Manager will rebalance the Fund's portfolio of investments from time to time to reflect any changes to the composition of, or the weighting of securities in the Index with a view to minimising tracking error of the Fund's overall returns relative to the performance of the Index. Such rebalancing may be in the form of investments in non-Index Securities. You may obtain information on the tracking error of the Fund (once available) from the Manager's website at <https://sg.amova-am.com>.
29. Distributions, if any, will be determined by the Manager. The Manager currently intends to make semi-annual distributions, less the expenses of the Fund, to Holders around January and July of each year. The Manager will decide whether a distribution is to be made based on various factors, including dividend and/or interest income and/or capital gains derived from the investments of the Fund. In addition to distributions to Holders out of distributable income and/or capital gains, the Manager may make distributions to Holders out of the capital of the Deposited

Property in accordance with the provisions of the Trust Deed. Where distributions are paid out of capital, the NAV of the Fund will be reduced and this will be reflected in the Redemption Price of the Units. Holders redeeming their Units may therefore receive an amount less than their initial investment. Such distributions may also result in reduced future returns to Holders. Distributions will only be paid to the extent that they are available for distribution pursuant to the Trust Deed.

30. The Fund will not invest in warrants, commodities, precious metals and unlisted securities (except for the SGD-denominated Investment Grade Bonds and the non-Index Securities which are generally traded OTC).
31. The Fund may use or invest in FDIs in accordance with the Notice on the Sale of Investment Products and the Notice on Recommendations on Investment Products and the Securities and Futures (Capital Markets Products) Regulations 2018 (for so long as the Units are Excluded Investment Products (“EIPs”)), Appendix 1 of the CIS Code and the CPF Investment Guidelines. Such FDIs may include, but are not limited to, interest rate swaps, bond futures, forward contracts, over-the-counter options, index futures and options. Subject to the provisions of the Notice on the Sale of Investment Products and the Notice on Recommendations on Investment Products, the Securities and Futures (Capital Markets Products) Regulations 2018 (for so long as the Units are EIPs) and the CPF Investment Guidelines, the Fund may use or invest in FDIs for the purposes of hedging and/or efficient portfolio management.
32. Where the Fund uses or invests in FDIs, the global exposure of the Fund to financial derivatives or embedded financial derivatives will not exceed 100% of the NAV of the Fund at all times. Such exposure would be calculated using the Commitment Approach as described in, and in accordance with the provisions of, Appendix 1 of the CIS Code.
33. Where the Fund uses or invests in FDIs, the Manager shall ensure that the risks related to such FDIs are duly measured, monitored and managed. The Manager will attempt to minimise the risks of investments in FDIs through careful selection of reputable counterparties and monitoring of the Fund's derivatives positions on an ongoing basis. The Manager has the requisite expertise, experience and quantitative tools to manage and contain such investment risks. In particular, the Manager has in place a comprehensive risk management framework to ensure that the Fund's risk exposure as a result of such FDIs would not be substantially increased. The Manager will ensure that the risk management and compliance procedures and controls adopted are adequate and have been or will be implemented and that it has the necessary expertise to control and manage the risks relating to the use of FDIs.
34. The Manager has a dedicated and independent risk management team which oversees the individual portfolio risks. The Manager's portfolio risk management philosophy encompasses the whole investment process from formulation to implementation. Risk management is an integral part of the Manager's investment process. The risks are quantified and broken down into its components through tools employed by the risk management team and monitored closely. Additionally, all open positions/exposure in derivatives will be marked to market at a frequency at least equal to the frequency of the NAV calculation of the Fund.
35. The Fund may engage in securities lending or repurchase transactions in accordance with the Notice on the Sale of Investment Products and the Notice on Recommendations on Investment Products and the Securities and Futures (Capital Markets Products) Regulations 2018 (for so long as the Units are EIPs), Appendix 1 of the CIS Code and the CPF Investment Guidelines.

Further details relating to securities lending and repurchase transactions are set out in paragraph 155 of this Prospectus.

You should note that the Units are EIPs and prescribed capital markets products. Accordingly, the Fund does not invest and will not invest in any product and does not engage and will not engage in any transaction which may cause the Units not to be regarded as EIPs and prescribed capital markets products.

36. The investment objective and policy of the Fund will be adhered to for at least three (3) years following the issue of the first prospectus of the Fund, unless otherwise agreed by the Holders by a special resolution in general meeting or unless such requirement to obtain Holders' agreement by special resolution is waived by the SGX-ST.
37. Unlike "actively managed" unit trusts and mutual funds, in their management of the Fund, the Manager does not attempt to outperform the Index nor does it seek temporary defensive positions when markets decline or appear overvalued by some standards. Accordingly, a fall in the Index may result in a corresponding fall in the NAV of the Fund.
38. *Investment restrictions.* Under the CIS Code, the Fund is classified as an index fund and the Fund will be subject to the investment guidelines for index funds set out in Appendix 5 of the CIS Code as well as the investment guidelines in Appendix 1 of the CIS Code, save to the extent waived or permitted by the Authority. As the Fund is registered by the Central Provident Fund Board as an eligible investment under the CPF Investment Scheme, the Trust Deed requires the Manager to also comply with the CPF Investment Guidelines in the management of the Fund. In addition, the Fund will also not invest in any product and/or engage in any transaction which may cause the Units not to be regarded as EIPs and prescribed capital markets products.
39. *Credit rating.* The Manager has established a set of internal credit assessment standards and has put in place a credit assessment process to ensure that its investments are in line with these standards. Information on the Manager's credit assessment process will be made available to investors upon request.
40. Under the terms of the Trust Deed, the Fund may at any time and from time to time borrow, on a temporary basis for a borrowing period not exceeding one month, for the purposes of meeting redemptions and bridging requirements. Aggregate borrowings for such purposes should not exceed ten per cent. (10%) of the NAV of the Fund at any given time.
41. The base currency of the Fund is SGD and the Fund will issue Units denominated in SGD.

VII CPF INVESTMENT SCHEME

42. The Fund is included under the Central Provident Fund ("CPF") Investment Scheme ("CPFIS") – Ordinary Account (the "CPF Ordinary Account") for subscription by members of the public using their CPF monies and is classified under the category of Low to Medium Risk – Narrowly Focused – Country – Singapore.

The CPF interest rate for the CPF Ordinary Account is based on the 3-month average of the major local banks' interest rates. Under the Central Provident Fund Act 1953, the CPF Board pays a minimum interest of 2.5% per annum when this interest formula yields a lower rate.

Savings in the Special, Medisave and Retirement Account (“**SMRA**”) are invested in Special Singapore Government Securities (SSGS) which earn an interest rate pegged to either the 12-month average yield of 10-year Singapore Government Securities (10YSGS) plus 1%, or 4%, whichever is the higher, adjusted quarterly.

As announced by the CPF Board, the Singapore government will maintain the 4% p.a. minimum rate for interest earned on all SMRA monies until 31 December 2026. Thereafter, interest rates on all CPF account monies will be subject to a minimum rate of 2.5% p.a. (unless the Singapore government extends the 4% floor rate for interest earned on all SMRA monies).

The first \$60,000 of a CPF member’s combined CPF accounts earns an extra 1% interest (capped at \$20,000 for CPF Ordinary Account). To enable members to earn extra interest, only monies in excess of \$20,000 in a member’s CPF Ordinary Account and \$40,000 in the Special Account can be invested.

For members aged 55 and above, the CPF Board pays an extra 2% interest on the first S\$30,000 of their combined balances (capped at S\$20,000 for the CPF Ordinary Account), and an extra 1% interest on the next S\$30,000. This means that they will earn up to 6% interest per annum on their retirement balances.

You should note that the applicable interest rates for each of the CPF accounts may be varied by the CPF Board from time to time.

You may use your CPF monies in your CPF ordinary account to acquire Units on the SGX-ST. Units acquired using CPF monies may only be disposed of through trading on the SGX-ST.

VIII FEES AND CHARGES

43. You will have to pay the following fees and charges:

For purchase and sale of Units on the SGX-ST using cash, CPF monies or SRS monies

- (a) Subscription fee or preliminary charge - Nil.
- (b) Redemption or realisation charge - Nil.
- (c) Switching fee - Not applicable.
- (d) Any other fee - Cost of Dealing on the SGX-ST

If you deal on the SGX-ST, you will typically not bear any costs related to the creation and redemption of Units. However, you will need to pay brokers’ commissions, clearing fees and other costs associated with dealing on the SGX-ST. These amounts are subject to your individual agreement with, and are paid directly by you to, your broker, the CDP and your other service providers (including CPF agent banks and SRS operators).

For subscription and/or redemption of Units in cash by or through Participating Dealers

- (a) Subscription fee or preliminary charge - Nil.
- (b) Redemption or realisation charge - Nil.
- (c) Switching fee - Not applicable.
- (d) Duties and Charges - Up to 0.50% of the subscription or redemption amount (as the case may be) will be payable to the Fund.

Under the terms of the Trust Deed, for subscription and/or redemption of Units in cash, the Manager is entitled to charge Duties and Charges for the account of the Fund which would be used to defray the Fund's costs in the form of stamp duties, brokerage fees, clearing fees and taxes in investing cash for assets or realising the Fund's assets for cash, to prevent the NAV of the Fund from being diluted by the high transactional costs which would be incurred by the Fund. The Manager may, in its absolute discretion, waive either absolutely or subject to such conditions as it deems fit all or part of the Duties and Charges.

- (e) Any other fee - You will also have to bear normal brokerage and other fees charged by your stockbrokers.

For subscription and/or redemption of Units in-kind by or through Participating Dealers

- (a) Subscription fee or preliminary charge - Nil.
- (b) Redemption or realisation charge - Nil.
- (c) Switching fee - Not applicable.
- (d) Transaction Fee for each Creation Request - Currently S\$1,000 per request, subject to a maximum of S\$5,000 per request.
- (e) Transaction Fee for each Redemption Request - Currently S\$1,000 per request, subject to a maximum of S\$5,000 per request.

Under the terms of the Trust Deed, for subscription and/or redemption of Units in-kind, the Manager is entitled to charge the Participating Dealers a Transaction Fee for the account of the Fund. The Transaction Fee would be used to defray the Fund's expenses in transfer and other administrative costs involved in creating Units. The Transaction Fee is charged per request, regardless of the number of Creation Units being created or redeemed. The Manager may, in its absolute discretion, waive either absolutely or subject to such conditions as it deems fit all or part of the Transaction Fee for Designated Market Makers of the Fund. Participating Dealers may require the investors to bear the Transaction Fee.

- (f) Any other fee - You will also have to bear normal brokerage and other fees charged by your stockbrokers.

44. The Fund will have to pay the following fees and charges out of its assets:

- (a) Management Fee - 0.15% per annum of the Deposited Property; Maximum: 0.35% per annum of the Deposited Property.

The Management Fee is retained by the Manager as the Manager does not pay any trailer fees with respect to the Fund.
- (b) Trustee Fee and Registrar Fee - 0.02% per annum of the Deposited Property; Maximum: 0.10% per annum of the Deposited Property.

Subject to a monthly minimum fee of S\$1,500.
- (c) Other Fees and Charges - Other fees and charges, including *inter alia* Custodian fees may amount to or exceed 0.10% per annum, depending on the proportion that each fee or charge bears to the Deposited Property.

44A. The Manager intends to cap the total expense ratio of the Fund at 0.30% per annum of the Deposited Property. Any fees and expenses that are payable by the Fund and are in excess of 0.30% per annum of the Deposited Property will be borne by the Manager and not the Fund.

IX RISKS

45. The general risks of investing in the Fund are as follows:

- (a) While the Manager believes that the Fund offers income revenue and potential for capital appreciation, no assurance is given that these objectives will be achieved. You should read this Prospectus and discuss all risks with your financial and legal advisers before making an investment decision.
- (b) Investments in the Fund are designed to produce returns over the long term and are not suitable for short term speculation. You should be aware that the price of Units, and the income from them, may go up as well as down, and that past performance is not necessarily a guide to the future performance of the Fund. A possible loss of the principal invested cannot be ruled out.
- (c) The risks of investments made by a collective investment scheme include economic, political, liquidity, regulatory, interest rate, credit, regulatory, currency, counterparty, default and repatriation risks and risk of ratings downgrade.
- (d) Dealings in the Units and the calculation of the NAV thereof may be suspended in certain circumstances and the redemption of Units may be suspended or deferred in certain circumstances as provided for in the Trust Deed and described in Section XIII of this Prospectus.

46. The specific risks of investing in the Fund are as follows:
- (a) Market risk. The price of securities comprised in the portfolio of the Fund and the Units, and the income from them, may be influenced by political and economic conditions, changes in interest rates, the earnings of the corporates whose bonds are comprised in the portfolio, and the market's perception of the bonds.
 - (b) Liquidity risk. The extent of market liquidity is dependent on the size and state of the markets and therefore affects the Fund's ability to acquire or dispose of assets at the price and time it so desires. The SGD-denominated Investment Grade Bonds are generally traded over-the-counter (OTC) and there is no centralised exchange which trades such bonds. Depending on the quotes available on such OTC markets, the bonds may be thinly traded and illiquid and may result in redemption prices which adversely affect the NAV of the Fund.
 - (c) Interest rate risk and credit risk. Investments in bonds and other debt securities are subject to interest rate fluctuations and credit risks, such as risk of default by the issuer, and are subject to adverse changes in general economic conditions, the financial condition of the issuer, or both, or a rise in interest rates, which may impair the issuer's ability to make payments of interest and principal, resulting in a possible default by the issuer.
 - (d) Trading market in Redemption Securities. Units may be redeemed in-kind by Participating Dealers or by Holders through Participating Dealers in Redemption Unit size (currently 20,000,000 Units) or multiples thereof. Holders will receive Redemption Securities (plus a cash payment of the Cash Redemption Component (as described in paragraph 83 below) (if positive)). Holders may not be able to realise the value of Index Securities or non-Index Securities comprised in the Redemption Securities received on a redemption of Units in a timely manner or at any particular price if there is no liquid trading market for the Index Securities or non-Index Securities. However, if the Manager determines in its sole discretion that any Index Security or non-Index Security comprised in the Redemption Securities is likely to be unavailable for delivery or available in insufficient quantity for delivery upon the redemption of any Redemption Unit by a Holder, then the Manager shall have the right in its sole discretion to pay cash equal to the Value of such Index Security or non-Index Security in lieu of delivering such Index Security or non-Index Security to the Holder.
 - (e) Trading market in the Units. Although the Units are listed on the SGX-ST, you should be aware that there may be no liquid trading market for the Units. There is no assurance that active trading markets for Units will develop, nor is there a certain basis for predicting the actual price levels at, or sizes in, which Units may trade.
 - (f) Minimum creation and redemption size. Units will only be issued or redeemed in-kind by or through Participating Dealers for the account of investors and/or for their own account in Creation Unit or Redemption Unit aggregations (currently 20,000,000 Units, and multiples thereof). Currently, Units will only be issued and redeemed in cash by or through Participating Dealers for the account of investors and/or for their own account at a minimum of 50,000 Units. If you do not hold Redemption Unit aggregations or at least the minimum redemption number of Units (i.e. 50,000 Units), you will only be able to realise the value of your Units by selling your Units on the SGX-ST at the prevailing

trading price of the Units. You should note that the Participating Dealers are under no obligation to redeem your Units. **It is expected that most investors will dispose of their Units by selling them on the SGX-ST.**

- (g) Units may trade at prices other than NAV. The NAV per Unit of the Fund represents the fair price for buying or selling Units. As with any listed fund, the secondary market price of Units may sometimes trade above or below this NAV per Unit. The deviation from this NAV is dependent on a number of factors, but will be accentuated when there is a large imbalance between market supply and demand for Units on the SGX-ST. There is a risk, therefore, that Holders may not be able to buy or sell at a price close to this NAV per Unit. However, since Units can be created and redeemed (in Creation Unit or Redemption Unit aggregations or at a minimum of 50,000 Units (or such higher number of Units in multiples of 1,000 Units) or such other number of Units or amount as the Manager may determine upon giving prior notice to the Trustee, at NAV), the Manager believes that large discounts or premiums to the NAV of Units could not be sustained in an efficient market that allows for arbitrageurs to exploit the difference between trading prices and the NAV. The "bid/ask" spread (being the difference between the prices being bid by potential purchasers and the prices being asked by potential sellers) is another source of deviation from this NAV. The bid/ask spread can widen during periods of market volatility or market uncertainty, thereby increasing the deviation from this NAV.
- (h) Tracking error risk. Changes in the NAV of the Fund are unlikely to replicate exactly changes in the Index due to various factors. Factors such as fees and expenses of the Fund, liquidity of the market, imperfect correlation of returns between the Fund's securities and those in the Index, changes to the Index and regulatory policies may affect the Manager's ability to achieve close correlation with the Index. Imperfect correlation between the returns of portfolio securities and the Index is more likely to happen to the extent that the Fund does not hold all the securities comprised in the Index as it adopts a representative sampling strategy or invests in securities that are non-Index Securities or invests in those Index Securities with different weighting from that of the Index. The Fund's returns may therefore deviate from those of the Index. However, a fall in the Index may result in a corresponding fall in the Value of the Fund.
- (i) Distributions risk. Investors should note that the income of the Fund (if any) may be distributed to Holders at the absolute discretion of the Manager. Sources of income for distribution include coupons, interest income and/or capital gains derived from the investments of the Fund. In addition to distributions to Holders out of distributable income and/or capital gains, the Manager may, in the event that income and/or capital gains are insufficient, make capital distributions to Holders at such time as they deem fit in accordance with the provisions of the Trust Deed.

Where distributions are paid out of the capital of the Fund, the capital of the Fund will be reduced and this will be reflected in the realisation price of the Units. Holders redeeming their Units may therefore receive an amount less than their initial investment. Such distributions may also result in reduced future returns to Holders.

- (j) Dependence upon trading market for Index Securities, Future Index Securities and Former Index Securities. The existence of a liquid trading market for the Index Securities may depend on whether there is supply of, and demand for, such Index

Securities. There is no assurance that there will be active trading in any of the Index Securities. The price at which the Index Securities may be purchased or sold by the Fund upon any rebalancing activities or otherwise and the Value of the Fund may be adversely affected if trading markets for the Index Securities, Future Index Securities and Former Index Securities are limited or absent.

- (k) Lack of discretion of the Manager to adapt to market changes. The Index Securities held by the Fund will passively reflect some, but not all of the bonds comprised in the Index. Therefore, adverse changes in the financial condition or performance of the corporates issuing such bonds included in the Index will not result in the sale of such bonds and will be likely to affect adversely the Fund's Value and the trading price of the Units. The Manager will have limited discretion to dispose the bonds from the Fund although the Manager may substitute the bonds held by the Fund under the representative sampling strategy adopted. A fall in the Index may result in a corresponding fall in the Fund's NAV.
- (l) Trading in Units on SGX-ST may be suspended. You will not be able to purchase or sell Units on the SGX-ST during any period that the SGX-ST suspends trading in the Units. The SGX-ST may suspend the trading of Units whenever the SGX-ST determines that it is appropriate in the interests of a fair and orderly market to protect investors. Subject to the provisions of the CIS Code, the creation and redemption of Units will also be suspended if the trading of Units on the SGX-ST is suspended.
- (m) Units may be delisted from SGX-ST. The SGX-ST imposes certain requirements for the continued listing of securities, including the Units, on the SGX-ST. There is no assurance that the Fund will continue to meet the requirements necessary to maintain the listing of Units on the SGX-ST or that the SGX-ST will not change its listing requirements. The Fund may be terminated if Units are delisted from the SGX-ST.
- (n) Reliance on Participating Dealers. Currently, the creation and redemption of Units can only be effected by or through Participating Dealers for the account of investors and/or for their own account. The number of Participating Dealers at any given time may be limited. You may not be able to submit creation or redemption requests through all the Participating Dealers but at any one time, there will be at least one Participating Dealer through whom you may submit creation or redemption requests. Participating Dealers are however under no obligation to accept instructions to create or redeem Units on your behalf. Subject to the provisions of the CIS Code, Participating Dealers will not be able to create or redeem Units during any period when, amongst other things, dealings on the SGX-ST are restricted or suspended, settlement or clearing of securities in the central clearing and settlement system established by the CDP is disrupted or clearing and settlement of in-kind transactions on the system established by the SGX-ST is disrupted or the Index is not compiled or published. In addition, subject to the provisions of the CIS Code, Participating Dealers will not be able to create or redeem Units if some other event occurs which impedes the calculation of the Value of the Fund by the Manager or during which delivery of Index Securities or disposal of the Fund's investments cannot be effected normally.
- (o) Suspension of creations and redemptions. Dealings of Units on the SGX-ST may not necessarily be suspended if the creation and redemption of Units is temporarily suspended by the Manager in accordance with the terms of the Trust Deed. If the

creation and redemption of Units is temporarily suspended, the trading price of the Units may be adversely affected and differ from the market value of the Fund's assets.

- (p) Investing in derivatives. Subject to the provisions of the Notice on the Sale of Investment Products and the Notice on Recommendations on Investment Products and the Securities and Futures (Capital Markets Products) Regulations 2018 (for so long as the Units are EIPs), the Manager may in its absolute discretion cause the Fund to use or invest in FDIs for the purpose of hedging and/or efficient portfolio management. The Manager may cause the Fund to make use of FDIs as allowed in the CIS Code and the CPF Investment Guidelines. While the prudent and judicious use of FDIs by investment professionals can be beneficial, FDIs involve risks different from, and in some cases, greater than, the risks presented by more traditional investments. Some of the risks associated with FDIs are market risk, management risk, credit risk, liquidity risk, moratorium risk, capital control risk, tax risk and leverage risk. Investments in FDIs may require the deposit of initial margin and additional deposit of margin on short notice if the market moves against the investment positions. If no provision is made for the required margin within the prescribed time, the Fund's investments may be liquidated at a loss. Therefore, it is essential that such investments in FDIs be monitored closely. The Manager has the necessary expertise and controls for investments in FDIs and has in place systems to monitor any derivative positions for the Fund.

The viability of exercising FDIs depends on the market price of the investments to which they relate, and accordingly, the Manager may from time to time decide that it is not viable to exercise certain FDIs held by the Fund within the prescribed period, in which case, any costs incurred in obtaining the FDIs will not be recoverable. Additionally, the market price of the relevant investment may not exceed the exercise price attached to the FDI at any time during the exercise period or at the time at which the options are exercised and in such an event, this may result in an immediate loss to the Fund

- (q) Changes in the Index. The Index is subject to regular review and revisions. Announcements that are made with respect to potential deletions from and additions to the Index can affect the price of affected bonds and the Index as a whole. The Fund may, under its representative sampling strategy, hold bonds issued by corporates that may be deleted from the Index and may begin to acquire bonds issued by corporates that may be added to the Index. The relative performance of these two groups of bonds can have an adverse impact on the Fund.
- (r) Licence to use the Index may be terminated. The Manager has been granted a licence by the current Index Licensor to use the iBoxx SGD Non-Sovereigns Large Cap Investment Grade Index as a basis for the composition of the Fund, and to use certain trade names and trademarks associated with the iBoxx SGD Non-Sovereigns Large Cap Investment Grade Index. The Fund may not be able to achieve its objective and may be terminated if the Licence Agreement is terminated and the Manager is unable to identify or agree with the Index Licensor or any other index licensor terms for the use of a suitable replacement index that uses, in the opinion of the Manager, the same or a substantially similar formula for the method of calculation as the iBoxx SGD Non-Sovereigns Large Cap Investment Grade Index. Any such replacement index will be notified to Holders via SGXNET. Accordingly, you should note that the Fund's ability to track the Index depends on the Licence Agreement continuing in force or a suitable replacement index being found.

- (s) Termination of the Fund. The commercial success of the Fund is dependent on attracting assets under management significantly larger than a traditional unit trust. If the size of the Fund falls below SGD 100 million on any day falling two (2) years or more after the date of the Trust Deed, the Manager may terminate the Fund.
- (t) Errors or inaccuracies in the Index. There may be inaccuracies, errors, omissions or mistakes in the compilation or calculation of the Index, which may result in significant deviations between the NAV of the Units and the Index. The accuracy and completeness of the calculation of the Index may be affected by, without limitation, the availability and accuracy of prices for its constituent securities, market factors and errors in its compilation. The Manager and the Trustee are not responsible or involved in the compilation or calculation of the Index, and thus cannot be held responsible or liable for any inaccuracies, errors, omissions or mistakes in such compilation or calculation.
- (u) Risk associated with the investment strategy of the Fund. Unlike "actively managed" unit trusts and mutual funds, in its management of the Fund, the Manager does not attempt to outperform the Index nor does it seek temporary defensive positions when markets decline or appear overvalued by some standards. Accordingly, a fall in the Index may result in a corresponding fall in the NAV of the Fund.
- (v) Tax and regulatory risk. There may be state regulations governing and taxes imposed on the outward remittance by foreign investors of their share of net profits and dividends and the repatriation of their investments in a foreign currency.

The above is not an exhaustive list of the risks which you should consider before investing in the Fund. You should be aware that an investment in the Fund may be exposed to other risks of an exceptional nature from time to time.

X SUBSCRIPTION OF UNITS

How to purchase Units with cash, CPF monies or SRS monies

- 47. (i) You may apply for a minimum of 50,000 Units (or such higher number of Units in multiples of 1,000 Units) or such other number of Units or investment amount as may be determined from time to time by the Manager upon giving prior written notice to the Trustee, using cash (but not CPF monies or SRS monies) through Participating Dealers on any Cash Dealing Day.
 - (ii) If you wish to acquire less than 50,000 Units, you may only acquire Units in lots of 1 Unit on the SGX-ST using cash, CPF monies or SRS monies. You may buy Units on the SGX-ST through brokers in the same way as how you may buy shares in companies listed on the SGX-ST. The use of CPF monies shall be subject to such regulations, directives, requirements or terms and conditions as may be imposed by the CPF Board or the relevant CPF agent bank. Subject to the applicable terms and conditions imposed by the relevant SRS operator and any relevant competent authority, if you wish to subscribe for Units with your SRS monies, you will have to give a written authorisation to the relevant SRS operator for monies to be withdrawn from your SRS account to pay for the subscription of Units.
48. You may obtain a list of the Participating Dealers from the Manager.

49. Payment for Units may be made as stipulated by the Participating Dealers from time to time.

In respect of institutional investors and Designated Market Makers, an investment form may also be obtained directly from the Participating Dealers and, once duly completed, forwarded by the Participating Dealers to the Registrar, together with the subscription monies in respect of the application for Units.

50. Notwithstanding anything in this Section X, the Manager shall retain the absolute discretion to accept or reject any application for Units (including, but not limited to, rejecting any application for Units that is received or deemed received by the Registrar on or before the Dealing Deadline of a Cash Dealing Day that is also an Ex. Dividend Date). If an application for Units is rejected by the Manager, the application monies shall be refunded (without interest) to you within a reasonable time in such manner as the Manager shall determine. No certificates will be issued by the Manager.

51. The minimum investment for the Fund in respect of cash subscriptions through Participating Dealers is 50,000 Units (or such higher number of Units in multiples of 1,000 Units) or such other number of Units or investment amount as may be determined from time to time by the Manager upon giving prior notice to the Trustee.

52. The amount that you will have to pay for the number of Units applied for is calculated by multiplying the number of Units applied for by the Issue Price of the Units together with any Duties and Charges. The Issue Price of the Units shall be ascertained as follows:

- (i) by dividing the Value of the Deposited Property as at the Valuation Point of the relevant Cash Dealing Day on which applications for Units are deemed to be received and accepted by the Manager by the number of Units then in issue and deemed to be in issue; and
- (ii) by truncating the resulting total per Unit to four (4) decimal places.

The Manager may add to the Issue Price calculated (but not include within it) such sum (if any) as the Manager may consider represents the appropriate provision for Duties and Charges, which shall be for the account of the Fund. The Issue Price shall be calculated in SGD. The Issue Price shall be based on forward pricing which means that the Issue Price of the Units shall not be ascertainable at the time of application for Units.

53. Requests for subscription of Units using cash must reach the Registrar on or before the Dealing Deadline for the Cash Dealing Day (12 noon (Singapore time) or such other time as the Manager may determine with the prior approval of the Trustee and prior notification to the Holders at such time and in such manner as the Trustee may require). If the request for subscription of Units using cash is received and accepted by the Registrar after the Dealing Deadline, it shall be deemed to be received and accepted by the Registrar on or before the Dealing Deadline for the next Cash Dealing Day. You may obtain the Issue Price on the next Business Day from the Manager's website at <https://sg.amova-am.com>.

54. The following is an illustration of the amount that you will have to pay based on an investment of 50,000 Units through a Participating Dealer and a notional Issue Price of S\$1.0500 (the actual Issue Price of the Units will fluctuate according to the Value of the Deposited Property and the number of Units then in issue):

50,000 Units Number of Units proposed to be subscribed	x	S\$1.0500 Notional Issue Price	=	S\$52,500.00	+	S\$262.50 Duties and Charges*	=	S\$52,762.50 Total amount payable by investor**
---	----------	---	----------	---------------------	----------	--	----------	--

* Assuming that you are charged 0.50% of the subscription amount by the Manager. You should note that in addition to such Duties and Charges, you will also have to bear all brokerage fees charged by your stockbrokers.

** You should note that there may be additional fees and charges (including brokerage fees and charges) payable to the Participating Dealers (as may be determined by the relevant Participating Dealer. The above numerical example has not included the applicable fees and charges payable by you (if any). You should therefore consult the relevant Participating Dealer for the actual amount of all fees and charges that would be payable to the Participating Dealer for assisting you with your subscription application. You should also note that in addition to any additional fee and charges payable to the Participating Dealers, you will also have to bear all brokerage fees charged by your stockbrokers.

The price of Units traded on SGX-ST shall be based on their market prices throughout the trading day for SGX-ST.

You should note that all bank charges (if any) payable in connection with your subscription of Units and the refund of the balance subscription monies (if any) will be borne by you.

55. Applications for subscription of Units using cash will only be accepted and processed if the application monies and/or the Duties and Charges in respect of that application have been received in full in cleared funds by or to the order of the Trustee by no later than the second Dealing Day after the relevant Cash Dealing Day, or such other number of Dealing Days after the relevant Cash Dealing Day as may be determined and agreed between the Trustee and the Manager ("**Cash Settlement Date**").

If the above is not satisfied, the application for subscription of Units will be cancelled. Participating Dealers will be liable to pay a cancellation fee of such amount as the Manager may from time to time determine to represent the Duties and Charges, the administrative costs involved in processing the application and purchasing and/or selling any Investments, interest costs incurred by the Fund and any losses arising in respect of the Fund's purchase and sale of Investments in connection with such cancellation (including the difference between the NAV of the Units on the Cash Settlement Date compared to the relevant Cash Dealing Day).

56. The Issue Price excludes any subscription fee or preliminary charge as no subscription fee or preliminary charge is payable.

How to subscribe for Units in-kind

57. You may, through the Participating Dealers, submit Creation Requests to the Registrar on every Dealing Day for in-kind subscription of Units but it is expected that investors who wish to acquire Units in smaller lot sizes will do so by trading in the Units on the SGX-ST. You may obtain a list of the Participating Dealers through whom you may submit Creation Requests or Redemption Requests from the Manager.
58. The Manager may issue blocks of 20,000,000 Units (each a "**Creation Unit**") or multiples thereof on every Dealing Day to Participating Dealers at the Issue Price for that Creation Unit. The Issue Price for the Creation Unit shall be ascertained as follows:
- (i) by dividing the Value of the Deposited Property at the Valuation Point of the relevant Dealing Day on which applications for Creation Units are deemed to be received by the Manager by the number of Units then in issue and deemed to be in issue;
 - (ii) by truncating the resulting total per Unit to four (4) decimal places; and
 - (iii) by multiplying the resulting total by the number of Units comprising a Creation Unit aggregation.

The Manager may add to the Issue Price calculated (but not include within it) such sum (if any) as the Manager may consider represents the appropriate provision for the Transaction Fee, which shall be for the account of the Fund. The Issue Price for the Creation Unit shall be calculated in SGD. The Issue Price for the Creation Unit shall be based on forward pricing which means that the Issue Price of the Units shall not be ascertainable at the time of request to create the Creation Unit.

Procedures for creation of Units

59. If you wish to create Units by subscribing for Units in-kind, you must approach a Participating Dealer to do so on your behalf. The Participating Dealer may require you to complete a form. In addition, the Participating Dealer may request that you make certain representations or enter into agreements with respect to the order, for example, to provide for payments of cash, when required. You should be aware that your broker or dealer may not have executed a Participant Agreement and that, therefore, your broker or dealer may have to place orders to create Units through a Participating Dealer that has entered into a Participant Agreement. In such cases, you may have to pay additional charges. At any given time, there may be only one or a limited number of Participating Dealers through whom you may submit Creation Requests.
60. Creation Requests received from Participating Dealers and accepted by the Manager on or before the Dealing Deadline on each Dealing Day (i.e. 5.30 pm (Singapore time) or such other time as the Manager may determine with the prior approval of the Trustee and prior notification to the Holders at such time and in such manner as the Trustee may require) will be processed at that Dealing Day's Issue Price as calculated in accordance with paragraph 58 of this Prospectus. Creation Requests received from Participating Dealers after the Dealing Deadline or on a day which is not Dealing Day shall be deemed to be received by the Registrar on or before the Dealing Deadline for the next Dealing Day. If you place an order for Units, you should afford sufficient time for the order to be properly submitted by the Participating Dealers to the Registrar prior to the Dealing Deadline on the relevant Dealing Day.

61. When submitting the Creation Request, the Participating Dealer should tender to the Trustee the Index Securities and non-Index Securities as comprising a Deposit Basket for each Creation Unit no later than two (2) Dealing Days following the relevant Transaction Date, or such other number of Dealing Days following the relevant Transaction Date as may be determined and agreed between the Trustee and the Manager (the "**Settlement Date**") in accordance with the terms of the Participant Agreement. The delivery of Units properly applied for will occur in accordance with the terms of the Participant Agreement which is normally no later than the Settlement Date in accordance with the terms of the Participant Agreement.
62. The issue of Units in Creation Unit aggregations will only be done if the following are satisfied:
- (i) the Index Securities and non-Index Securities delivered to the Trustee in respect of that issue of Units, in Creation Unit aggregations, have been approved by the Manager as comprising a Deposit Basket with respect to the relevant Transaction Date and the Value of any non-Index Securities does not exceed twenty per cent. (20%) (or such other percentage as determined by the Manager from time to time and approved by the Trustee) of the Subscription Value on the previous Dealing Day;
 - (ii) the aggregate of (a) the Value of the Index Securities and non-Index Securities at the Valuation Point on the relevant Transaction Date delivered to the Trustee and (b) the amount of cash paid to or to the order of the Trustee in respect of the Cash Issue Component for the Creation Unit aggregation (as described in paragraph 63 below) is equal to the Issue Price for that Creation Unit aggregation;
 - (iii) the Index Securities and non-Index Securities have been vested upon the trusts of the Trust Deed in the Trustee to the Trustee's satisfaction or satisfactory evidence of title and instruments of transfer shall have been produced to or to the order of the Trustee by such time and date as determined therefor by the Manager in its discretion, provided that such date shall occur no later than the relevant Settlement Date; and
 - (iv) the full amount of the Cash Issue Component and Transaction Fee in respect of that Creation Unit size shall have been received in full in cleared funds by or to the order of the Trustee by such time and date as determined therefor by the Manager in its discretion, provided that such date shall occur no later than the relevant Settlement Date.

If any of the above is not satisfied, the Creation Request will be cancelled. Participating Dealers will be liable to pay a cancellation fee of such amount as the Manager may from time to time determine to represent the Transaction Fee, the administrative costs involved in processing the Creation Request, purchasing and/or selling any Investments, and redelivering any Index Securities and non-Index Securities, interest costs incurred by the Fund and any losses arising in respect of the Fund's purchase and sale of Investments in connection with such cancellation (including the difference between the NAV of the Units on the Settlement Date compared to the relevant Dealing Day).

63. The Cash Issue Component of a Creation Unit is the difference between the Issue Price of the Creation Unit as calculated in paragraph 58 and the Value of the Index Securities and non-Index Securities constituting a Deposit Basket on the relevant Transaction Date delivered to the Trustee. If the Cash Issue Component (after taking into account the Transaction Fee) is a

negative amount no cash shall be payable or paid by a Participating Dealer, but a cash amount equal to the negative amount shall be paid by the Trustee to the Participating Dealer no later than two (2) Dealing Days following the relevant Transaction Date, or such other number of Dealing Days following the relevant Transaction Date as may be determined and agreed between the Trustee and the Manager.

Acceptance of orders for Creation Unit aggregations

64. The Manager reserves the absolute right without giving any reason therefor to reject a Creation Request transmitted to the Registrar (including, but not limited to, rejecting any Creation Request that is received or deemed received by the Registrar on or before the Dealing Deadline of a Dealing Day that is also an Ex. Dividend Date). The Manager currently intends to reject a Creation Request if:
- (i) the order is not in proper form; or
 - (ii) under applicable law or regulation, the applicant (on whose behalf the Participating Dealer is acting) is not eligible to subscribe for, purchase or hold Units, or in the discretion of the Trustee or the Manager the purchase or holding of Units by the applicant might result in the Fund, the Manager or the Trustee incurring any liability to tax or suffering any other financial disadvantage or becoming subject to any law or regulation which they might not otherwise have incurred or suffered or become subject to.

The Registrar will notify the Participating Dealer of any rejection of an order placed by that Participating Dealer. The Manager is under no duty to provide reasons for rejecting a Creation Request in respect of the Fund.

65. The Manager may, with the prior approval of the Trustee, at its discretion change the number of Units comprising a Creation Unit aggregation for the purpose of effecting creations of Units.

Applicable to subscribing for Units in cash and in-kind

66. For every successful application for Units, the relevant Participating Dealer will be sent a confirmation detailing the number of Units allotted within seven (7) Business Days of the receipt of the application by the Registrar. All Units created through subscription of Units by or through the Participating Dealers will be entered on the records of CDP in the name of the relevant Participating Dealer or its nominee.
67. No Units will be issued and no application for subscription of Units or Creation Request will be accepted during any period when the creation and redemption of Units is suspended (see Section XIII below).

XI REALISATION OF UNITS

How to sell Units for cash or Units which were purchased with CPF monies or SRS monies

68. (i) You may apply to redeem 50,000 Units (or such higher number of Units in multiples of 1,000 Units) or such other number of Units or redemption amount as may be determined from time to time by the Manager upon giving prior notice to the Trustee,

for cash (but not CPF monies or SRS monies) on any Cash Dealing Day through Participating Dealers.

- (ii) If you wish to dispose of less than 50,000 Units, you may sell your Units which were purchased with cash, CPF monies or SRS monies on the SGX-ST through brokers in the same way as how you may sell shares in companies listed on the SGX-ST.
69. A Holder of 50,000 Units or more may redeem Units pursuant to paragraph 68(i) above through completing the redemption request (or such other form as the Manager may approve from time to time) and forwarding the same to the Participating Dealers. However, if you have applied to subscribe for Units using cash on any Cash Dealing Day, you shall not be entitled to redeem the Units to be issued to you until after the Cash Settlement Date in respect of that Cash Dealing Day.
70. There is no minimum holding amount for the Units. The minimum redemption number of Units in respect of cash redemptions through Participating Dealers is 50,000 Units (or such higher number of Units in multiples of 1,000 Units) or such other number of Units or amount as may be determined from time to time by the Manager upon giving prior notice to the Trustee. However, if the Units cease at any time to be listed on the SGX-ST and any other stock exchange on which the Units may be listed or quoted on for a continuous period of 30 days, subject to paragraph 90 the Manager will, within 14 days from the end of such 30 day period, commence accepting redemption requests made directly by Holders subject to the provisions of the Trust Deed, and if the Units are subsequently re-listed on the SGX-ST or a stock exchange, the Manager may, on reasonable notice given to Holders, again require redemption requests to be made only through Participating Dealers. Holders with less than the minimum redemption number of Units may sell their Units for cash by trading the Units on the SGX-ST.
71. The net realisation proceeds are calculated by multiplying the number of Units to be redeemed by the Redemption Price of the Units on the relevant Cash Dealing Day which shall be ascertained as follows:
- (i) by dividing the Value of the Deposited Property at the Valuation Point of the relevant Cash Dealing Day on which applications to redeem Units are deemed to be received and accepted by the Manager by the number of Units then in issue and deemed to be in issue; and
 - (ii) by truncating the resulting total per Unit to four (4) decimal places.

The Manager may deduct from the realisation proceeds such sum (if any) as the Manager may consider represents the appropriate provision for Duties and Charges, which shall be for the account of the Fund. The Redemption Price shall be calculated in SGD and shall be based on forward pricing which means that the Redemption Price of the Units shall not be ascertainable at the time of application to redeem Units.

72. Applications to redeem Units for cash must reach the Registrar on or before the Dealing Deadline on the Cash Dealing Day (i.e. 12 noon (Singapore time) or such other time as the Manager may determine with the prior approval of the Trustee and prior notification to the Holders at such time and in such manner as the Trustee may require). If the request to redeem Units for cash is received and accepted by the Registrar after the Dealing Deadline, it shall be deemed to be received and accepted by the Registrar on or before the Dealing Deadline for the

next Cash Dealing Day. You may obtain the Redemption Price on the next Business Day from the Manager's website at <https://sg.amova-am.com>.

73. The following is an illustration of the realisation proceeds that you will receive based on a redemption of 50,000 Units through a Participating Dealer and a notional Redemption Price of S\$1.1000 (the actual Redemption Price of the Units will fluctuate according to the Value of the Deposited Property and the number of Units then in issue).

50,000	x	S\$1.1000	=	S\$55,000.00	–	S\$275.00	=	S\$54,725.00
No. of Units Redeemed		Notional Redemption Price		Gross Realisation Proceeds		Duties and Charges*		Net Realisation Proceeds

* Assuming that you are charged 0.50% of the redemption amount by the Manager. You should note that in addition to such Duties and Charges, you will also have to bear all brokerage fees charged by your stockbrokers.

The price of Units traded on SGX-ST shall be based on their market prices throughout the trading day for SGX-ST.

74. Where Units are to be redeemed for cash, the Manager shall proceed to effect any sales of Investments necessary to provide the cash required to pay the realisation proceeds and notify the Trustee that those Units are to be redeemed and cancelled. In such event the Fund shall be reduced by the cancellation of those Units on the Cash Settlement Date and for settlement on that Cash Settlement Date the Trustee shall pay the realisation proceeds to the relevant Holder. Notwithstanding the foregoing, no realisation proceeds shall be paid unless Units, the subject of the application to redeem Units for cash, have been delivered to the Trustee for redemption by such time on the Cash Settlement Date as the Trustee and the Manager shall for the time being prescribe. If Units are not delivered to the Trustee for redemption in accordance with the foregoing: (i) the application for redemption for cash shall be deemed never to have been made (except that the Duties and Charges shall remain due and payable) and (ii) the Manager may, but shall not be bound to, charge the Holder's Participating Dealer (for the account of the Fund) a cancellation fee of such amount as it may from time to time determine to represent the administrative costs involved in processing the redemption request, purchasing and/or selling any Investment and redelivering any Units, and any losses arising in respect of the Fund's sale and purchase of Investments and any interest costs incurred by the Fund in connection with such failed redemption. In addition, the Manager may, but shall not be bound to require the Holder's Participating Dealer to pay to the Trustee for the account of the Fund in respect of each Unit, the subject of the application for redemption of Units for cash, the amount (if any) by which the Redemption Price of each such Unit on the relevant Cash Dealing Day is less than the Issue Price which would have applied in relation to each such Unit as if the Manager had received on the relevant Cash Settlement Date in relation to such Units to be redeemed an application from such Holder's Participating Dealer for the subscription of such Units in accordance with the relevant provisions of Section X of this Prospectus.

75. The Redemption Price excludes realisation charge as no realisation charge is payable.
76. Payment will be made within two (2) Business Days after the relevant Cash Dealing Day, or such other number of Business Days after the relevant Cash Dealing Day as may be

determined and agreed between the Trustee and the Manager, subject to the provisions of the Trust Deed. The net realisation proceeds shall be paid to the Participating Dealer.

How to redeem Units in-kind

77. You may, through the Participating Dealers, submit Redemption Requests on every Dealing Day for in-kind redemption of Units but it is expected that smaller investors who wish to redeem Units will do so by trading in the Units on the SGX-ST.
78. The Manager may determine and designate the Index Securities and non-Index Securities comprising the Redemption Basket applicable to requests to redeem Units in Redemption Unit aggregations submitted with respect to each Dealing Day. The Manager may permit the redemption of a Redemption Unit or multiples thereof on every Dealing Day by Participating Dealers at the Redemption Price for that Redemption Unit. On receipt of a Redemption Request by the Registrar from a Participating Dealer on behalf of a Holder which complies with the requirements as set out in paragraph 84 below, the Manager shall effect the redemption of the Units, in Redemption Unit aggregations, specified in the Redemption Request for proceeds equivalent to the Redemption Price of the number of Redemption Unit aggregations to be redeemed, such proceeds to be paid by way of a transfer by or on behalf of the Trustee *in specie* of the Redemption Securities and payment by or on behalf of the Trustee in cash of the Cash Redemption Component (if positive) determined as at the Transaction Date. The Redemption Price for a Redemption Unit aggregation shall be ascertained as follows:
- (i) by dividing the Value of the Deposited Property at the Valuation Point of the relevant Dealing Day on which applications to redeem the Redemption Unit are deemed to be received by the Manager by the number of Units then in issue and deemed to be in issue;
 - (ii) by truncating the resulting total per Unit to four (4) decimal places; and
 - (iii) by multiplying the resulting total by the number of Units comprising a Redemption Unit aggregation.

The Manager may set off against any Cash Redemption Component payable to a Participating Dealer such sum (if any) as the Manager may consider represents the appropriate provision for the Transaction Fee, which deduction shall be for the account of the Fund. To the extent that the Cash Redemption Component is insufficient to pay such Transaction Fee payable on such redemption, the Participating Dealer shall promptly pay the shortfall in SGD to or to the order of the Trustee and the Trustee shall not be obliged to deliver (and shall have a general lien over) the Redemption Securities until such shortfall is paid in full to or to the order of the Trustee. The Redemption Price for the Redemption Unit shall be based on forward pricing which means that the Redemption Price of the Units shall not be ascertainable at the time of request to redeem the Redemption Unit.

Procedures for redemption of Units in-kind

79. If you have applied to subscribe for Units in-kind on any Dealing Day, you will not be entitled to redeem the Units to be issued to you until after the Settlement Date in respect of that Dealing Day. If you wish to redeem Units in-kind, you must approach a Participating Dealer to do so on your behalf. The Participating Dealer may require you to complete a form. In addition, the

Participating Dealer may request that you make certain representations or enter into agreements with respect to the order, for example, to provide for payments of cash, when required. You should be aware that your broker or dealer may not have executed a Participant Agreement and that, therefore, your broker or dealer would have to place orders to redeem Units through a Participating Dealer that has entered into a Participant Agreement. In such cases, you may have to pay additional charges. At any given time, there may be only one or a limited number of Participating Dealers through whom you may submit Redemption Requests.

80. Redemption Requests received from Participating Dealers and accepted by the Registrar on or before the Dealing Deadline on each Dealing Day (i.e. 5.30 pm (Singapore time) or such other time as the Manager may determine with the prior approval of the Trustee and prior notification to the Holders at such time and in such manner as the Trustee may require) will be processed at that Dealing Day's Redemption Price as calculated in accordance with paragraph 78 of this Prospectus. Redemption Requests received from Participating Dealers after the Dealing Deadline or on a day which is not a Dealing Day shall be deemed to be received by the Registrar on or before the Dealing Deadline for the next Dealing Day. If you place an order to redeem Units, you should afford sufficient time for the order to be properly submitted by the Participating Dealers to the Registrar prior to the Dealing Deadline on the relevant Dealing Day.
81. The Index Securities and non-Index Securities comprising the Redemption Basket ("**Redemption Securities**") distributable and the Cash Redemption Component payable (less any amount set-off pursuant to paragraph 78) to the Participating Dealer in respect of the redemption of Units may be transferred or paid sooner but shall, subject to the provisions of paragraphs 90 and 91 of this Prospectus, be distributable and payable on the Settlement Date in accordance with paragraph 82 provided that the Manager shall have received the Redemption Request duly signed (to the satisfaction of the Manager) by such Participating Dealer, and provided further that the Units, which are the subject of the Redemption Request, have been delivered in accordance with paragraph 82 and the full amount of the Cash Redemption Component (if negative) and any Duties and Charges and the Transaction Fee payable have been deducted and set-off or otherwise paid in full. For the purposes of this paragraph 81, the Holder on whose behalf a redemption application is made by a Participating Dealer hereby authorises (i) the transfer of the Redemption Securities by book entry to the designated stock account and (ii) the payment of the Cash Redemption Component by book entry payment to the designated cash account or by telegraphic transfer to a bank account in the name or to the order, in each case, of that Participating Dealer by or through whom that Redemption Request was made. The Cash Redemption Component shall be paid in SGD and, if paid by telegraphic transfer, shall be paid to a SGD account of a bank, unless otherwise agreed by the Manager.
82. Where Units are to be redeemed on any Settlement Date, but subject as provided in paragraphs 90 and 91, the Manager shall proceed to effect any sales of Investments necessary to provide the cash required to pay the Cash Redemption Component (if applicable) and notify the Trustee that those Units are to be redeemed and cancelled. In such event (but subject as provided below) the Fund shall be reduced by the cancellation of those Units on that Settlement Date and (subject as otherwise provided in the Trust Deed including, without limitation, Clause 14.9 of the Trust Deed) for settlement on that Settlement Date (or such later date as may from time to time be determined by the Manager with the consent of the Trustee) the Trustee shall transfer the applicable Redemption Securities out of the Deposited Property to or to the order of the Participating Dealer through which the redeeming Holder made his Redemption Request and shall pay the Cash Redemption Component (with such deductions as are permitted by the Trust

Deed) to the relevant Holder within two (2) Dealing Days after the relevant Dealing Day, or such other number of Dealing Days after the relevant Dealing Day as may be determined and agreed between the Trustee and the Manager. Notwithstanding the foregoing, no Redemption Securities shall be delivered and no Cash Redemption Component shall be paid unless Units, the subject of the Redemption Request, have been delivered to the Trustee for redemption by such time on the Settlement Date as the Trustee and the Manager shall for the time being prescribe for such Redemption Request. The Manager, with prior approval of the Trustee, may at its discretion extend the settlement period, such extension to be on such terms and conditions (including as to the payment of any fees it may determine to represent the administrative costs involved in extending the Settlement Date) as the Manager may determine. If Units are not delivered to the Trustee for redemption in accordance with the foregoing: (i) the Redemption Request shall be deemed never to have been made (except that the Transaction Fee therefor shall remain due and payable) and (ii) the Manager may, but shall not be bound to, charge the Holder's Participating Dealer (for the account of the Fund) a cancellation fee of such amount as it may from time to time determine to represent the administrative costs involved in processing the Redemption Request, purchasing and/or selling any Investments and redelivering any Units, and any losses arising in respect of the Fund's sale and purchase of Investments and any interest costs incurred by the Fund in connection with such failed redemption. In addition, the Manager may, but shall not be bound to, require the Holder's Participating Dealer to pay to the Trustee for the account of the Fund in respect of each Unit, the subject of the Redemption Request, the amount (if any) by which the Redemption Price of each such Unit on the relevant Dealing Day is less than the Issue Price which would have applied in relation to each such Unit as if the Manager had received on the date on which such Units were to be redeemed an application from such Holder's Participating Dealer for the creation of such Units in accordance with the provisions of Clause 11 of the Trust Deed.

83. The Cash Redemption Component of a Redemption Unit is the difference between the Redemption Price of the Redemption Unit calculated in accordance with paragraph 78 of this Prospectus and the Value of the Index Securities and non-Index Securities constituting a Redemption Basket.

Acceptance of orders for redemption of Redemption Unit aggregations

84. To be effective, a Redemption Request:
- (i) must be given to the Manager by a Participating Dealer in accordance with the relevant Participant Agreement;
 - (ii) must specify the (round) number of Redemption Unit aggregations the subject of the Redemption Request; and
 - (iii) may not be in respect of Units other than as comprising a Redemption Unit aggregation.
85. A Redemption Request once given cannot be revoked or withdrawn without the consent of the Manager.
86. The Manager may from time to time in its absolute discretion substitute an amount of cash to replace any Index Security and non-Index Security comprised in a Redemption Basket in connection with a request to redeem any Redemption Unit aggregation. If the Manager exercises such discretion, the cash in lieu amount shall be equal to the Value of such

substituted Index Securities or non-Index Securities and shall comprise part of the Cash Redemption Component and each such substituted Index Security or non-Index Security shall be deemed not to be a Redemption Security comprising part of the Redemption Basket. The Manager shall be entitled in its discretion to charge (for the account of the Fund) to the applicant of any Units for which cash is paid in lieu of delivering any Redemption Securities such additional sum it may consider represents the appropriate provision for Duties and Charges.

Applicable to redeeming Units in cash and in-kind

87. The Manager shall be entitled to limit the total number of Units which Holders are entitled to redeem on a Dealing Day to ten per cent. (10%) (or such higher percentage as the Manager may determine in any particular case) of the total number of Units in issue (disregarding any Units which have been agreed to be issued), such limitation to be applied (subject as provided in the last sentence of this paragraph) pro rata to all Participating Dealers who have validly requested redemptions to be effected on such Dealing Day so that the proportion redeemed of each holding so requested to be redeemed is the same for all Participating Dealers. Any Units which, by virtue of the powers conferred on the Manager hereby, are not redeemed in respect of a particular Dealing Day (a "**first relevant Dealing Day**") shall be carried forward for redemption (subject to any further application of the provisions of this paragraph) on the Dealing Day next following the first relevant Dealing Day (such Dealing Day shall be referred to as a "**second relevant Dealing Day**"). The Manager will inform the Participating Dealers of Units the redemption of which has been deferred within one Business Day after the first relevant Dealing Day and that (subject as aforesaid) they shall be redeemed on the second relevant Dealing Day. If on the second relevant Dealing Day the Manager shall decide to apply the limitation described in the first sentence of this paragraph, Units the subject of redemption requests first carried forward from the first relevant Dealing Day shall then (subject to the application of such limitation) be redeemed in priority to Units the subject of redemption requests received on the second relevant Dealing Day, and such second relevant Dealing Day shall be treated as the first relevant Dealing Day for Holders whose redemption requests are to be carried forward hereunder after such second relevant Dealing Day.
88. Where any applications or requests for subscription, creation or redemption of Units in cash or in-kind are submitted by a Participating Dealer for its own account, Sections X and XI of this Prospectus shall apply with the necessary modifications to such applications or requests as if they were submitted by the Participating Dealer as Participating Dealer on behalf of itself as applicant for or Holder of the Units.

XII OBTAINING PRICES OF UNITS

89. The Issue Price and Redemption Price of Units will be available on the Business Day following each Dealing Day.

You may check such prices on the Manager's website at <https://sg.amova-am.com>.

XIII SUSPENSION OF DEALINGS

90. Subject to the provisions of the CIS Code, the Manager may at any time with the prior approval of the Trustee suspend the creation, issue and/or redemption of Units of the Fund and/or delay the payment of any monies and distribution of any Redemption Securities in respect of any such creation, issue and/or redemption during any of the following periods:

- (a) any period when the SGX-ST is closed;
- (b) any period when dealings of the Units on the SGX-ST are restricted or suspended;
- (c) any period when settlement or clearing of securities in CDP is disrupted;
- (d) the existence of any state of affairs as a result of which delivery of Index Securities or non-Index Securities comprised in a Deposit Basket or Redemption Basket or disposal of Investments for the time being comprised in the Deposited Property cannot, in the opinion of the Manager, be effected normally or without prejudicing the interests of Holders;
- (e) any period when, in the opinion of the Manager, funds cannot be normally remitted from the Deposited Property without prejudicing the interests of Holders;
- (f) any period when the Index is not compiled or published;
- (g) any breakdown in the means normally employed in determining the Value of the Deposited Property or liabilities of the Fund or when for any other reason the Value of any Investment or other property for the time being comprised in the Deposited Property or the liabilities of the Fund cannot be promptly and accurately ascertained;
- (h) any 48 hours (or such longer period as the Manager and the Trustee may agree) prior to the date of any meeting of Holders, or any adjourned meeting thereof;
- (i) any period when the business operations of the Manager or the Trustee in relation to the operations of the Fund are substantially interrupted or closed as a result of or arising from pestilence, acts of war, terrorism, insurrection, revolution, civil unrest, riots, strikes or acts of God;
- (j) any period when the dealing of Units is suspended pursuant to any order or direction issued by the Authority; or
- (k) such circumstances as may be required under the provisions of the CIS Code.

91. Such suspension (which expression shall include the aforesaid right to delay payment) shall take effect forthwith upon the declaration thereof by the Manager and thereafter there shall be no creation or issue of Units, and/or (as the case may be) no redemption of Units and/or transfer of the Redemption Securities and payment of the Cash Redemption Component or cash Redemption Price in respect of any such redemption until the Manager shall declare the suspension at an end, except that subject to the provisions of the CIS Code, the suspension shall terminate as soon as practicable when (a) the condition giving rise to the suspension shall have ceased to exist and (b) no other condition under which suspension is authorised under the Trust Deed shall then exist, and in any event, within 21 days of the commencement of the suspension. The period of suspension may be extended if the Manager satisfies the Trustee that it is in the best interest of the Holders for the dealing in Units to remain suspended. Such extension should be subject to weekly review by the Trustee. Each declaration by the Manager pursuant to paragraph 90 shall be consistent with such official rules, regulations, codes and guidelines, if any, relating to the subject matter thereof as shall have been promulgated by any

authority having jurisdiction over the Fund and as shall be in effect at the time. To the extent not inconsistent with such official rules, regulations, codes and guidelines, and subject to the foregoing provisions hereof, the declaration of the Manager shall be conclusive. During any such suspension by reason of any of the circumstances set out in paragraphs 90(a) to (k) above, the calculation of the Value of the Deposited Property and each Unit (including the Issue Price and Redemption Price) may also be suspended and the Manager shall be under no obligation to rebalance or adjust the Deposited Property, in either case at the discretion of the Manager and with the prior approval of the Trustee. The Manager shall publish the fact that the calculation of the Value of the Deposited Property and each Unit is suspended immediately following such suspension and at least once a month during the period of such suspension in such newspaper or newspapers in Singapore or elsewhere as the Manager may from time to time think fit.

92. Any Participating Dealer may at any time after such a suspension has been declared and before termination of such suspension withdraw any redemption request or any application for the issue of Units by notice in writing to the Manager. If no such notification of the withdrawal of any such request or application has been received by the Manager before termination of such suspension, the Manager shall, subject to and in accordance with the provisions of the Trust Deed, redeem Units in respect of which the Manager has received a valid redemption request and the Trustee and the Manager shall consider applications for the issue of Units as at the Dealing Day or (in the case of redemptions or issue of Units in cash) the Cash Dealing Day next following the termination of such suspension. In addition, the period for distributing any proceeds the distribution of which has been delayed pursuant to the suspension shall be extended by a period equal to the length of the period of the suspension.

Benchmark: iBoxx SGD Non-Sovereigns Large Cap Investment Grade Index
 Inception Date of Amova SGD Investment Grade Corporate Bond Index ETF: 27 August 2018
"A.C.R." means Average Annual Compounded Return

94. The benchmark against which the performance of the Fund will be measured is the iBoxx SGD Non-Sovereigns Large Cap Investment Grade Index.

The returns on the Fund as shown in the table in paragraph 93 above are calculated on a single pricing basis. There is no subscription fee or Realisation Charge for the Fund payable presently or during the duration of the periods for which the returns are calculated.

The returns for the Fund are calculated on the assumption that all dividends and distributions (if any) made by the Fund are reinvested, taking into account all charges which would have been payable upon such reinvestment.

You should note that the past performance of the Fund indicated in paragraph 93 above is not necessarily indicative of the future performance of the Fund.

As required under the regulations made under the Securities and Futures Act, this Prospectus does not contain any information on past performance based on simulated results of a hypothetical collective investment scheme.

95. Expense ratio

The expense ratio of the Fund (calculated in accordance with Investment Management Association of Singapore's guidelines on the disclosure of expense ratios and based on figures in the Fund's latest audited accounts) for the financial period ended 30 June 2025 is 0.26%.

The following expenses (where applicable) are excluded from the calculation of the expense ratios:

- (a) brokerage and other transaction costs associated with the purchase and sales of investments (such as registrar charges and remittance fees);
- (b) foreign exchange gains and losses of the Fund whether realised or unrealised;
- (c) front-end loads, back-end loads and other costs arising on the purchase or sale of a foreign unit trust or mutual fund;
- (d) tax deducted at source or arising from income received, including withholding tax;
- (e) interest expenses; and
- (f) dividends and other distributions paid to Holders.

The Manager intends to cap the total expense ratio of the Fund at 0.30% per annum of the Deposited Property. Any fees and expenses that are payable by the Fund and are in excess of 0.30% per annum of the Deposited Property will be borne by the Manager and not the Fund.

96. Turnover ratio

The audited turnover ratio of the Fund (calculated based on the lesser of purchases or sales of underlying investments of the Fund expressed as a percentage of daily average NAV of the Fund) for the financial period ended 30 June 2025 is 22.62%.

99. The Manager may from time to time have to deal with competing or conflicting interests arising from such other funds managed by the Manager. For example, the Manager may make a purchase or sale decision on behalf of some or all of the other funds managed by the Manager without making the same decision on behalf of the Fund, as a decision whether or not to make the same investment or sale for the Fund depends on factors such as the cash availability and

portfolio balance of the Fund. However, the Manager will use its reasonable endeavours at all times to act fairly and in the best interests of the Fund. In particular, after taking into account the availability of cash and the relevant investment guidelines of the other funds managed by the Manager and the Fund, the Manager will endeavour to ensure that securities bought and sold will be allocated proportionately as far as possible among the other funds managed by the Manager and the Fund. The Manager may also transact on the Fund's behalf with its affiliates. The Manager intends to deal with any conflicts of interests in a manner consistent with any applicable guidelines which may be issued from time to time by the Investment Management Association of Singapore.

100. The Manager is of the view that it is not in a position of conflict in managing its other funds as these funds and the Fund have different investment universes and investment restrictions. To the extent that there are overlapping investment objectives, the Manager will, as far as practicable, endeavour to have the same securities holdings for such overlapping areas with such securities allocated on a pro-rata basis among the relevant funds. The Manager will conduct all transactions with or for the Fund at arm's length.
101. The Trustee, the Manager and any Connected Person or Associate of the Trustee and the Manager may:
 - (a) purchase, hold, deal in or dispose of Units;
 - (b) contract or enter into any financial, banking, insurance, brokerage or other transaction with one another, Holders, Participating Dealers or any corporation or body any of whose securities form part of the Deposited Property of the Fund, make profits from such contracts or other transactions and be interested in any such corporation or body; and
 - (c) invest in and deal with securities or any property of the kind included in the Deposited Property of the Fund or any other investments for their respective individual accounts or for the account of a third party or enter into contracts or other arrangements with one another and make profits from these activities.
102. Neither the Manager nor any of the directors of the Manager or any of its Associates is or will become entitled to receive any part of any brokerage charged to the Fund, or any part of any fees, allowances, benefits, etc received on purchases charged to the Fund.
103. Except in the case of a purchase for the account of the Fund of any unit, share or other interest in a money market fund managed by the Manager or any Connected Person of the Manager for which the Trustee's prior written consent has been obtained, neither the Trustee nor the Manager shall act as principal buy or sell or otherwise deal in the purchase or sale of investments from or to the Trustee for the account of the Fund or otherwise deal as principal with the Fund. However, with the prior written consent of the Trustee, any Connected Person of the Manager may deal as principal in the sale or purchase of securities and other investments to or from the Fund. There will be no obligation on the part of such Connected Person to account to the Fund or to Holders for any benefits so arising and any such benefits may be retained by the relevant party, provided that such transactions are entered into on an arm's length basis and at the best price available to the Fund having regard to the kind, size and time of the transaction.

104. Any cash of the Fund may be deposited with any Connected Person of either the Trustee or the Manager or invested in certificates of deposit or banking investments issued by any such Connected Person. Banking or similar transactions may also be undertaken with or through a Connected Person.
105. With the prior written consent of the Trustee, the Manager may effect transactions by or through the agency of another person for the account of the Fund with whom the Manager or any of its Connected Persons have an arrangement for the supply of goods, services or other benefits.
106. Where the Manager or any Connected Person of the Manager receives any cash rebate of all or any part of any commission paid out of the Fund, the Manager or that Connected Person shall not be entitled to retain that cash rebate but shall account for and pay the same to the Trustee to be held as property of the Fund.
107. The Manager may, in accordance with applicable law and regulation, effect agency cross transactions where both the sale and purchase of an investment are effected for clients (including the Fund on the one hand) of the Manager and/or its Connected Persons provided that the sale and purchase decisions are in the interests of both clients, permitted within the investment guidelines/objectives of both clients and the transactions are executed on an arm's length basis and at the best price available to the Fund having regard to the kind, size and time of the transaction.
108. The Manager may, in the course of its business, have potential conflicts of interest with the Fund. In such circumstances, the Manager will have regard to its obligations under the Trust Deed and, in particular, to its obligation to act in the best interests of the Fund and the Holders so far as practicable, having regard to its obligations to other clients when undertaking any investments where conflicts of interest may arise. If such conflicts do arise, the Manager will use its best efforts to resolve such conflicts fairly.
109. In respect of voting rights where the Manager may face a conflict between its own interest and that of the Holders, the Manager shall cause such voting rights to be exercised in consultation with the Trustee.
110. The Trustee is presently also offering registrar service to the Fund. This service is provided on an arm's length basis and the fees for this service is permitted to be paid out of the Deposited Property of the Fund under the provisions of the Trust Deed.
111. The Manager and the Trustee will conduct all transactions with or for the Fund on an arm's length basis.
112. The Manager or its affiliates (together the "**Parties**") are or may be involved in other financial, investment and professional activities (including but not limited to providing discretionary investment management or investment advisory services to other clients) which may on occasion cause conflicts of interest with the management of the Fund. Notwithstanding paragraph 100 above, the Parties will be free, in their absolute discretion, to make recommendations to others, or effect transactions on behalf of themselves or for others which may be the same as or different from those effected for the Fund, and to do so prior to, at the same time as, or after effecting such transactions. The Parties shall not be obliged to purchase, retain or sell for the Fund any security which the Parties may purchase, retain or sell on behalf of themselves or for others, or which the Parties may recommend to others to purchase, retain or sell. Furthermore, the Parties shall be free to purchase, sell, deal in or compete for the same financial instruments as the Fund or to take positions opposite to the positions of the Fund, on

behalf of themselves or for others, or to recommend others to take positions opposite to the position of the Fund. Each of the Parties will ensure that the performance of their respective duties will not be impaired by any such involvement and that any such activities will be conducted on an arm's length basis. If a conflict of interest does arise, the Parties will endeavour to ensure that it is resolved fairly and in the interest of the Holders.

- 112A. The Trustee or its affiliates (the "**Trustee Parties**") are or may be involved in other financial, investment and professional activities which may on occasion cause conflicts of interest with the management of the Fund. Each of the Trustee Parties will ensure that the performance of their respective duties will not be impaired by any such involvement and that any such activities will be conducted on an arm's length basis. If a conflict of interest does arise, the Trustee Parties will endeavour to ensure that it is resolved fairly and in the interest of the Holders.
113. Subject to the provisions of the Trust Deed, the Manager or the Trustee may acquire, purchase, hold, deal in or dispose of Units as though they were not a party to the Trust Deed. If any conflict of interest arises as a result of such dealing, the Manager and the Trustee, following consultation with the other, will resolve such conflict in a just and equitable manner as they shall deem fit. Such dealings, where entered into, will be on an arm's length basis.

XVIII QUERIES AND COMPLAINTS

117. You may call the telephone number 1800 535 8025 to reach the Manager to raise any queries or make any complaints.

XIX OTHER MATERIAL INFORMATION

118. Trading Units on the SGX-ST

Units of the Fund are listed for trading on the secondary market on the SGX-ST. Units can be bought and sold throughout the trading day like other publicly traded shares. There is no minimum investment. When buying or selling Units through a broker, investors will incur customary brokerage commissions and charges and stamp duty, and investors may pay some or all of the spread between the bid and the offered price in the secondary market on each leg of a round trip (purchase and sale) transaction. Unit prices are quoted and traded on the SGX-ST in Singapore dollars and cents per Unit.

119. Book-entry Securities

Units will be deposited, cleared and settled by the CDP. Units are held in book-entry form, which means that no Unit certificates are issued. CDP or its nominee is the registered owner (i.e. the sole Holder of record) of all outstanding Units deposited with the CDP and is therefore recognised as the legal owner of such Units. Investors owning Units are beneficial owners as shown on the records of CDP or the Participating Dealers (as the case may be).

120. Units' Trading Prices and Designated Market Makers

The trading prices of Units on the SGX-ST may differ in varying degrees from their daily NAV and can be affected by market forces such as supply and demand, economic conditions and other factors.

121. It is the intention of the Manager to assist in the creation of liquidity for investors by appointing Designated Market Makers before the listing of the Fund to maintain a market for the Units. Units may be purchased from and sold to the Designated Market Makers. However, there is no guarantee or assurance as to the price at which a market will be made. You may obtain a list of appointed Designated Market Makers from the Manager. In maintaining a market for Units, the Designated Market Makers may realise profits or sustain losses in the amount of any differences between the prices at which they buy Units and the prices at which they sell Units. Any profit made by the Designated Market Makers may be retained by them for their absolute benefit and they shall not be liable to account to the Fund in respect of such profits.

122. Additional Listing

The Manager may seek a listing of the Units on any other internationally recognised regulated stock or investment exchange or marketplace having regard to such factors as commercial viability of the proposed listing, legal and regulatory readiness of the market concerned, prevailing market environment, operational requirements and market development. Any costs associated with any such listing will be funded out of the Deposited Property.

123. Distributions

The Manager shall have the absolute discretion to determine whether a distribution is to be made. The Manager currently intends to make semi-annual distributions, less the expenses of the Fund, to Holders around January and July of each year. Where the Manager has

determined that a distribution is to be made, details of the distributions will be announced on SGXNET. However, there is no assurance that the Manager will declare such distributions. An announcement will be made on SGXNET if no distributions are declared. There is currently no dividend reinvestment service.

On each distribution, in relation to each distribution period as determined by the Manager, the Trustee will allocate for distribution among the Holders of the Fund as at the Record Date such amount that the Manager determines to be distributed in its absolute discretion. Amounts to be distributed in respect of each Unit will be rounded down to the nearest S\$0.01 per Unit. The Record Dates may be changed, or added to, as determined by the Manager with the approval of the Trustee. Distributions will only be paid to the extent that they are available for distribution pursuant to the Trust Deed. Income received by the Fund pending distribution may be invested by the Manager in a manner consistent with achieving the investment objective of the Fund. Any monies payable to a Holder which remain unclaimed after a period of twelve months shall be accumulated by the Trustee in a special account (the "**Unclaimed Monies Account**") and, subject to Clause 33 of the Trust Deed, the Trustee shall cause such sums which represent monies unclaimed by a Holder for more than six (6) years and interest, if any, earned thereon to be paid into court after deducting all fees, costs and expenses incurred in relation to such payment from the sum thereof provided that if the said sum is insufficient to meet all such fees, costs and expenses, the Trustee shall be entitled to have recourse to the Deposited Property.

Taxation Considerations

124. As with any investment, you should consider how your investment in Units will be taxed. The tax information in this Prospectus is provided as general information and does not constitute tax or legal advice. You should consult your own tax advisers about the tax consequences of an investment in Units.

Singapore Tax

125. The following summary of certain Singapore income tax consequences of the purchase, ownership and disposition of Units is based upon laws and regulations now in effect, all of which are subject to change (possibly with retroactive effect). The summary does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to purchase, own or dispose of Units and does not purport to deal with the consequences of application to all categories of investors, some of which may be subject to special rules. The comments herein are not binding on the Singapore tax authorities and there can be no assurance that it will not take a position contrary to any of the comments herein. You are advised to consult your own tax advisers concerning the application of Singapore tax laws to your particular situation as well as any consequences of the purchase, ownership and disposition of Units arising under the laws of any other tax jurisdictions.

126. Taxation of the Fund

The Fund was granted approval for the Enhanced-Tier Fund Tax Incentive Scheme (hereinafter referred to as an "**Enhanced-Tier Fund**") pursuant to Section 13U of the Income Tax Act 1947. As an Enhanced-Tier Fund, the Fund will enjoy tax exemption on Specified Income (as defined in the Income Tax (Exemption of Income of Prescribed Persons Arising from Funds Managed by Fund Manager in Singapore) Regulations 2010 (the "**Regulations**")) derived by the Enhanced-Tier Fund from Designated Investments (as defined in the Regulations).

A circular was issued by the Authority on 1 October 2024 on revisions to the scheme with effect

from 1 January 2025 and it included the “specified income” and “designated investments” lists which apply to income derived by qualifying funds on or after 19 February 2022.

Under Section 10L of the Income Tax Act 1947, despite anything in the Income Tax Act 1947, gains from the sale or disposal by an entity of a relevant group of any movable or immovable property (including shares and equity interests) situated outside Singapore at the time of such sale or disposal or any rights or interest thereof (collectively, “**foreign assets**”) that are received in Singapore from outside Singapore, are treated as income chargeable to tax under Section 10(1)(g) of the Income Tax Act 1947 for the year of assessment relating to the basis period in which the gains are received in Singapore.

An entity is a member of a group if its assets, liabilities, income, expenses and cash flows (i) are included in the consolidated financial statements of the parent entity of the group; or (ii) are excluded from the consolidated financial statements of the parent entity of the group solely on size or materiality grounds or on the grounds that the entity is held for sale. A group is a relevant group if (i) the entities of the group are not all incorporated, registered or established in a single jurisdiction; or (ii) any entity of the group has a place of business in more than one jurisdiction.

The above treatment would apply to gains from a sale or disposal of a foreign asset that occurs on or after 1 January 2024. Section 10L does not apply to certain entities such as an entity that has adequate economic substance in Singapore in the basis period in which the sale or disposal occurs.

The IRAS has issued an e-Tax Guide “Income Tax: Tax Treatment of Gains or Losses from the Sale of Foreign Assets (Third Edition)” dated 6 June 2025 which provides further guidance on Section 10L. The satisfaction of the economic substance requirement takes into account outsourcing arrangements where an entity outsources some or all of its economic activities to third parties or group entities. In the case of a trust, amongst other conditions, this includes the outsourcing of economic activities to the trustee and/or fund manager.

A fund under the Section 13U tax incentive scheme will automatically be regarded as meeting the economic substance requirement for the basis period covered by the annual declaration if the fund submits an annual declaration to MAS and meets the qualifying criteria for the scheme.

Should the Fund be an entity of a relevant group and the economic substance requirement is not met, the Fund would fall under the ambit of Section 10L of the Income Tax Act 1947 and in this regard, any gains on disposal of foreign assets received in Singapore will be construed as “gains or profits of an income nature” liable to tax under Section 10(1)(g) of the Income Tax Act 1947 at the prevailing income tax rate, currently 17%. The tax on such gains will be assessed on the Trustee in its capacity as the trustee of the Fund.

Distributions made by the Enhanced-Tier Fund out of tax-exempt income should also be exempt from Singapore income tax in the hands of Holders.

The Manager will endeavour to conduct the affairs of the Fund in such a way that it will satisfy the qualifying conditions for the Enhanced-Tier Fund. Notwithstanding the foregoing, there is no assurance that the Manager will, on an on-going basis, be able to ensure that the Fund will always meet all the qualifying conditions for the Enhanced-Tier Fund. Upon any such disqualification, the Fund will be exposed to Singapore tax on its income and gains, wholly or partially as the case may be, at the prevailing corporate tax rate. The Fund can however, enjoy the tax exemption under the Enhanced-Tier Fund in any subsequent period if it is able to satisfy the specified conditions in that subsequent period.

127. Disposal or redemption of Units

Singapore does not impose tax on capital gains. Any gains on disposal or redemption of Units are not liable to Singapore income tax provided Units are held as investment assets. Where Units are held as trading assets of a trade or business carried on in Singapore, any gains on disposal or redemption of Units are liable to Singapore income tax under Section 10(1)(a) of the Income Tax Act 1947. Where Units were purchased with the intention or purpose of making a profit by disposal or redemption and not with the intention to be held for long-term investment purposes, any gains on disposal or redemption of Units could be construed as "gains or profits of an income nature" liable to tax under Section 10(1)(g) of the Income Tax Act 1947.

Holders who have adopted Financial Reporting Standard 109 – Financial Instruments (“**FRS 109**”) or its equivalent under the Singapore Financial Reporting Standard International (“**SFRS(I)**”) for financial reporting purposes may, for Singapore income tax purposes, be required to recognise gains or losses (not being gains or losses in the nature of capital) on Units, irrespective of disposal.

Holders and prospective Holders should consult their own accounting and tax advisers regarding the Singapore income tax consequences of their acquisition, holding or disposal of Units arising from the adoption of FRS 109 or its equivalent under SFRS(I).

128. Meetings of Holders

The Trust Deed sets out procedures to be followed in respect of meetings of the Holders, including provisions as to the giving of notice, appointment of proxies and quorum. A meeting of Holders duly convened and held in accordance with the provisions of the First Schedule of the Trust Deed shall be competent by Extraordinary Resolution:

- (i) to sanction any modification, alteration or addition to the provisions of the Trust Deed which shall be agreed by the Trustee and the Manager as provided in Clause 39 of the Trust Deed;
- (ii) to sanction an increase in the maximum permitted limit or any change in the structure of the fees payable to the Manager and/or the Trustee as provided in Clause 23 of the Trust Deed;
- (iii) to sanction any alteration of the investment objective as provided in Clause 17.1 of the Trust Deed;
- (iv) to remove the Auditors as provided in Clause 22 of the Trust Deed;
- (v) to remove the Trustee as provided in Clause 30 of the Trust Deed;
- (vi) to remove the Manager as provided in Clause 31 of the Trust Deed;
- (vii) to direct the Trustee to take any action pursuant to Section 295 of the SFA;
- (viii) to terminate the Fund as provided in Clause 32 of the Trust Deed;
- (ix) to permit other types of fees payable out of the Deposited Property; and
- (x) to sanction such other matters as may be proposed by the Manager or the Trustee,

and shall have such further or other powers under such terms and conditions as may be determined by the Manager with the prior written approval of the Trustee.

All expenses of and incidental to the holding of a meeting in accordance with the provisions of the First Schedule of the Trust Deed or the circulation of resolutions shall be paid out of the

Deposited Property. The Manager, the Custodian and any of their respective Connected Persons are prohibited from voting their beneficially held Units at, or being part of a quorum for, any meeting to approve any matter which it or he has a material interest in the business to be conducted.

Amending the Trust Deed without Holders' approval

129. The Trustee and the Manager shall be entitled to alter, modify or vary the terms of the Trust Deed by deed supplemental thereto (and without the sanction of an Extraordinary Resolution) if the Trustee certifies that such alteration, modification or variation:
- (a) does not materially prejudice the interests of the Holders and does not release to any material extent the Manager from any responsibility to the Holders;
 - (b) is necessary in order to comply with applicable fiscal, statutory or official requirements (whether or not having the force of law); or
 - (c) is made to remove obsolete provisions or to correct manifest errors.
130. No alteration, modification or variation whether or not approved by an Extraordinary Resolution, shall impose upon any Holder any obligation to make any further payments in respect of any of the Units held by him or to accept any liability in respect thereof.
131. All of the costs and expenses incurred by the Trustee or the Manager in connection with any such supplemental deed referred to in paragraph 129 of this Prospectus or entered into to effect any alteration, modification or variation approved by an Extraordinary Resolution (including expenses incurred in the holding of a meeting of Holders, where necessary) may be charged to the Fund.
132. Indemnities in favour of Trustee and Manager

The Trust Deed includes the following indemnities in favour of the Trustee and the Manager. Please refer to the Trust Deed for more information.

- (a) Neither the Manager nor the Trustee shall incur any liability by reason of any loss which a Holder may suffer by reason of any depletion in the Value of the Deposited Property which may result from any borrowings made pursuant to Clause 18 of the Trust Deed by reason of fluctuations in the rates of exchange or increases in interest rates and or expenses charged in connection with such borrowings and the Trustee and the Manager shall be entitled to be indemnified out of and have recourse to the Deposited Property in respect of any liabilities, costs, claims or demands which it may suffer arising directly or indirectly from the operation of Clause 18 of the Trust Deed and the arrangements referred to therein.
- (b) Any indemnity expressly given to the Trustee or to the Manager in the Trust Deed is in addition to and without prejudice to any indemnity or right of contribution allowed by law and all the powers, privileges, rights and immunities expressly given to the Trustee or to the Manager are in addition to and without prejudice to any powers, privileges, rights and immunities granted to the Trustee or to the Manager by law Provided That no provision in the Trust Deed shall in any case where the Trustee or the Manager

have failed to show the degree of care and diligence required of them as trustee and manager of the Fund, exempt them or indemnify them against any liability for breach of trust.

The Manager may appoint any professional person to perform such calculation.

150. The Value of the assets comprised or to be comprised in the Deposited Property shall be ascertained on the following basis:
- (i) The Value of Index Securities and non-Index Securities shall be determined by reference to the last known transacted price or last closing price for such Investments furnished by the Index Licensor, or a pricing service or by selected brokers approved by the Manager and the Trustee ("**Selected Brokers**").
 - (a) The Value of Index Securities may be taken from the Index Licensor (where available). - (v) Other Investments, and properties other than Investments shall be valued in such manner and at such time or times as the Manager and the Trustee shall from time to time agree.

151. In calculating the Value of the Deposited Property or any part thereof at any Valuation Point:

- (ii) where, in consequence of any redemption request duly given pursuant to Clause 14 of the Trust Deed on or before the Dealing Deadline on a Transaction Date, the Units in question shall be deemed not to be in issue with effect from the Dealing Day immediately following the Transaction Date (and, in particular, every Unit the subject of a redemption request given in accordance with Clause 14 of the Trust Deed shall be deemed not to be in issue with effect from the Dealing Day immediately following the Transaction Date) and any amount payable in cash and the Value of the Redemption Securities transferable out of the Deposited Property in pursuance of such redemption shall be deducted with effect from the Dealing Day immediately following the Transaction Date;
- (iii) where any Investment has been agreed to be purchased or otherwise acquired or sold or otherwise disposed of but such purchase, acquisition, sale or disposal has not been completed, such Investment shall be included or excluded and the gross purchase or acquisition or net sale consideration excluded or included as the case may require as if such purchase, acquisition or sale had been duly completed on the Dealing Day immediately following the date of the agreement to so purchase or acquire or sell or dispose of the Investment;

- (vii) liabilities shall (where appropriate) be treated as accruing from day to day.

Valuation policy and performance measurement standards of the Manager

152. Valuations shall be done on every Dealing Day. There will not be a suspension of valuation by reason of an exchange holiday. In such cases, the last available security prices shall continue to be applied for valuation purposes.

Notwithstanding the foregoing, the Manager's pricing committee will subject to the provisions of the CIS Code and the conditions set out in Section XIII of this Prospectus retain the discretion to suspend valuation if deemed necessary. The Manager's pricing committee is responsible for considering and arriving at a consensus decision to address any pricing disputes or valuation methodology that requires ad hoc decision due to market situation. Subject to the provisions of the CIS Code, the Manager may request for approval to suspend the valuation and dealing of the Fund if the fair value of a material portion of the Fund's assets cannot be determined.

The Manager collates and maintains portfolio and series data in the performance systems on a periodic basis and generates performance results to meet reporting requirements. Time-weighted rate of return (TWRR) methodology is adopted for portfolio returns calculation.

Hard-to-value or illiquid assets

153. If the most recent available price for a security invested into by the Fund exceeds one month for reasons of non-availability of prices from regular market sources and/or counterparties, an appropriate liquidity reserve shall be applied on the last available price in accordance with the Manager's pricing and valuation policy. The adjusted price shall be approved by the Manager's pricing committee prior to application.

154. Compulsory Redemption of Units

154.1 The Manager has the right (in consultation with the Trustee) to compulsorily redeem any holdings of Units in the Fund held by:

 - (ii) where such redemption is, in the opinion of the Manager, necessary or desirable for the compliance by the Manager or the Fund with any applicable law or regulation in any jurisdiction (including any regulatory exemption conditions); or
- (b) any Holder whose holdings of Units, in the opinion of the Manager:
 - (i) may cause the Fund to lose its authorised or registered status with any regulatory authority in any jurisdiction; or
 - (ii) may cause the offer of the Units of the Fund, the Fund, this Prospectus, the Trust Deed, the Manager or the Trustee to become subject to any authorisation, recognition, approval or registration requirements under any law or regulation in any other jurisdiction; or
- (c) any Holder whose holdings of Units, in the opinion of the Manager:
 - (i) may cause a detrimental effect on the tax status of the Fund in any jurisdiction or on the tax status of the Holders of the Fund; or

154.2 If the Manager and/or the Trustee are required to account to any duly empowered fiscal authority of Singapore or elsewhere for any income or other taxes, charges or assessments whatsoever on the value of any Units held by a Holder, the Manager (in consultation with the Trustee) shall be entitled to compulsorily redeem such number of Units held by that Holder as may be necessary to discharge the liability arising. The Manager and/or the Trustee (as the case may be) shall be entitled to apply the proceeds of such redemption in payment, reimbursement and/or set-off against the liability.

154.3 Any compulsory redemption under paragraphs 154.1 or 154.2 may be carried out by the Manager on any Dealing Day after giving prior written notice to the relevant Holder, and shall be carried out in accordance with, and at the Redemption Price determined under, the relevant provisions of the Trust Deed.

154.4 The Manager, the Trustee and their respective delegates, agents or Associates shall not be liable for any loss (whether direct or consequential and including, without limitation, loss of profit or interest) or damage suffered by any Holder or any party arising out of or caused in whole or in part by any actions which are taken by the Manager, the Trustee and/or any of their respective delegates, agents or Associates under paragraphs 154.1, 154.2 or 154.3.

155. Securities Lending and Repurchase Transactions

155.1 Subject to the provisions of the Trust Deed, the CIS Code, the CPF Investment Guidelines and the limits and/or restrictions (if any) applicable to Excluded Investment Products, the Fund may carry out securities lending and repurchase transactions on transferable securities and money market instruments for the sole purpose of efficient portfolio management, subject to the following limits:

- (a) The collateral of the securities lending or repurchase transactions should exceed the market value of the transferable securities or money market instruments transferred;
- (b) The counterparty would be required to provide additional collateral to the Fund or its agent no later than the close of the next business day when the current value of the eligible collateral tendered for the securities lending or repurchase transactions falls below the required collateral requirements;
- (c) For the purposes of securities lending and repurchase transactions, collateral may only consist of:
 - (i) cash;
 - (ii) money market instruments; or
 - (iii) bonds.

For the purpose of the above, money market instruments and bonds should be issued by, or have the benefit of a guarantee from, an entity or trust that has a minimum long-

term rating of A by Fitch, A by Moody's or A by Standard and Poor's (including sub-categories or gradations therein) (collectively, "eligible collateral").

Notwithstanding the above, securitised debt instruments as well as money market instruments or bonds with embedded financial derivatives are not eligible as collateral;

- (d) The maturity period of a repurchase transaction should not exceed 6 months; and
- (e) The Manager may lend the securities of the Fund to its related corporations and/or any third party and such transactions will be carried out on an arm's length basis. There will be no revenue sharing arrangement between the Fund and the Manager. Currently, the Manager does not intend to lend the securities of the Fund to its related corporations.

155.2 Risks relating to securities lending or repurchase transactions

Securities lending or repurchase transactions involve counterparty risk/credit risk, liquidity risk, sufficiency of collateral risk, collateral investment risk, delivery risk and operational risk, as described below:

- (a) Counterparty risk/credit risk refers to the risk when a counterparty defaults on its obligations by becoming insolvent or otherwise being unable to complete a transaction.
- (b) Liquidity risk is the risk that the counterparty cannot settle an obligation for the full value when it is due, but would be able to settle on some unspecified date thereafter. This may affect the ability of the Fund to meet their redemption obligations and other payment commitments.
- (c) Sufficiency of collateral risk. Following a default by a counterparty, the Fund can sell its collateral in the market to raise funds to replace the lent securities. It will suffer a loss if the value of the collateral securities falls relative to the lent securities.
- (d) Collateral investment risk. The value of the securities in which the Manager invests the cash collateral may decline due to fluctuations in interest rates or other market-related events.
- (e) Delivery risk occurs both when securities have been lent and collateral has not been received at the same time or prior to the loan, and when collateral is being returned but the loan return has not been received.
- (f) Operational risk is risk that the custodian or the lending agent did not administer the program as agreed. This includes the failure to mark to market collateralization levels, call for additional margin, or to return excess margin and to post corporate actions and income including all economic benefits of ownership.

156. Liquidity Risk Management

The Manager has established liquidity risk management policies which enable the Manager to identify, monitor, and manage the liquidity risks of the Fund. Such policies, combined with the liquidity management tools available, seek to achieve fair treatment of Holders, and safeguard the interests of remaining Holders against the redemption behaviour of other investors and mitigate against systemic risk.

The Manager's liquidity risk management policies take into account the Fund's liquidity terms, asset class, liquidity tools and regulatory requirements.

The liquidity risk management tools available to manage liquidity risk include the following:

- (a) The Fund may, subject to the provisions of the Trust Deed, borrow up to 10% of its latest available net asset value (or such other percentage as may be prescribed by the Code) at the time the borrowing is incurred and the borrowing period should not exceed one month, provided always and subject to the borrowing restrictions in the Code;
- (b) The Manager may, pursuant to the Trust Deed, suspend the realisation of Units of the Fund with the prior approval of the Trustee, and if the Manager and the Trustee so agree, delay the payment of any moneys and distribution of any Redemption Securities; and
- (c) The Manager shall, and pursuant to the Trust Deed, be entitled to limit the total number of Units which Holders are entitled to redeem on a Dealing Day to ten per cent. (10%) (or such higher percentage as the Manager may determine in any particular case) of the total number of Units in issue (disregarding any Units which have been agreed to be issued), such limitation to be applied (subject as provided in the last sentence of this paragraph) *pro rata* to all Participating Dealers who have validly requested redemptions to be effected on such Dealing Day so that the proportion redeemed of each holding so requested to be redeemed is the same for all Participating Dealers.
